The Issue Price (will be determined and justified by our Company & Selling Shareholders in consultation with the Lead Manager as stated under the paragraph 'Basis for Issue Price' on page 80 of this Draft Prospectus) should not be taken to be indicative of the market price of the Equity Shares after the Equity Shares are listed. No assurance can be given regarding an active and/or sustained trading in the Equity Shares of our Company or regarding the price at which the Equity Shares will be traded after listing.

### GENERAL RISKS

Investments in equity and equity related securities involve a degree of risk and investors should not invest any funds in this Issue unless they can afford to take the risk of losing their investment. Investors are advised to read the "Risk Factors" carefully before taking an investment decision in this Issue. For taking an investment decision, investors must rely on their own examination of our Company and the Issue including the risks involved. The Equity Shares offered in the Issue have not been recommended or approved by the Securities and Exchange Board of India ("SEBI"), nor does SEBI guarantee the accuracy or adequacy of this Draft Prospectus. **Specific attention of the investors is invited to the section titled 'Risk Factors' beginning on page 15 of this Draft Prospectus.**

### ISSUER'S & SELLING SHAREHOLDERS ABSOLUTE RESPONSIBILITY

Our Company & Selling Shareholders having made all reasonable inquiries, accepts responsibility for and confirms that this Draft Prospectus contains all information with regard to our Company and this Issue, which is material in the context of this Issue, that the information contained in this Draft Prospectus is true and correct in all material aspects and is not misleading in any material respect, that the opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which makes this Draft Prospectus as a whole or any of such information or the expression of any such opinions or intentions misleading in any material respect.

### LISTING

The Equity Shares offered through this Draft Prospectus are proposed to be listed on the SME Platform of National Stock Exchange of India Limited ("NSE") ("NSE EMERGE"). In terms of the Chapter XB of the SEBI (ICDR) Regulations, 2009, as amended, we are not required to obtain an in-principle listing approval for the shares being offered in this issue. The words and expressions used but not defined in this Draft Prospectus will have the same meaning as assigned to such terms under the Companies Act 1956 & Companies Act, 2013, the Securities and Exchange Board of India Act, 1992 (the “SEBI Act”), the SCRA, the Depositories Act and the rules and regulations made thereunder.

Notwithstanding the foregoing, terms in “Main Provisions of the Articles of Association”, “Statement of Tax Benefits”, “Industry Overview”, “Regulations and Policies”, “Financial Information of the Company”, “Outstanding Litigation and Material Developments” and “Part B” of “Issue Procedure”, will have the meaning ascribed to such terms in these respective sections.

## **CERTAIN CONVENTIONS, USE OF FINANCIAL INFORMATION AND MARKET DATA AND CURRENCY OF FINANCIAL PRESENTATION**

### **Certain Conventions**

All references in the Draft Prospectus to “India” are to the Republic of India. All references in the Draft Prospectus to the “U.S.”, “USA” or “United States” are to the United States of America.

In this Draft Prospectus, the terms “we”, “us”, “our”, the “Company”, “our Company”, “Globe Textiles (India) Limited” and “GTIL”, unless the context otherwise indicates or implies, refers to Globe Textiles (India) Limited. In this Draft Prospectus, unless the context otherwise requires, all references to one gender also refers to another gender and the word “Lac / Lakh” means “one hundred thousand”, the word “million (mn)” means “Ten Lac / Lakh”, the word “Crore” means “ten million” and the word “billion (bn)” means “one hundred crore”. In this Draft Prospectus, any discrepancies in any table between total and the sum of the amounts listed are due to rounding-off.

### **Use of Financial Data**

Unless stated otherwise, throughout this Draft Prospectus, all figures have been expressed in Rupees and Lakh. Unless stated otherwise, the financial data in the Draft Prospectus is derived from our financial statements prepared and restated for the period ended December 31, 2016 and financial year ended 31 March 2016, 2015, 2014, 2013 and 2012 in accordance with Indian GAAP, the Companies Act and SEBI (ICDR) Regulations, 2009 included under Section titled “Financial Information of the Company” beginning on page 146 of this Draft Prospectus. Our Company does not have a subsidiary. Accordingly, financial information relating to us is presented on a Standalone basis. Our fiscal year commences on April 1 of every year and ends on March 31st of every next year.

There are significant differences between Indian GAAP, the International Financial Reporting Standards (“IFRS”) and the Generally Accepted Accounting Principles in the United States of America (“U.S. GAAP”). Accordingly, the degree to which the Indian GAAP financial statements included in this Draft Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practice and Indian GAAP. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Draft Prospectus should accordingly be limited. We have not attempted to explain those differences or quantify their impact on the financial data included herein, and we urge you to consult your own advisors regarding such differences and their impact on our financial data.

Any percentage amounts, as set forth in “Risk Factors”, “Our Business”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and elsewhere in the Draft Prospectus unless otherwise indicated, have been calculated on the basis of the Company’s restated financial statements prepared in accordance with the applicable provisions of the Companies Act, Indian GAAP and restated in accordance with SEBI (ICDR) Regulations, as stated in the report of our Peer Review Auditor, set out in section titled “Financial Information of the Company” beginning on page 146 of this Draft Prospectus.

For additional definitions used in this Draft Prospectus, see the section Definitions and Abbreviations on page 1 of this Draft Prospectus. In the section titled “Main Provisions of Articles of Association”, on page 274 of the Draft Prospectus defined terms have the meaning given to such terms in the Articles of Association of our Company.

### **Use of Industry & Market Data**

Unless stated otherwise, industry and market data and forecast used throughout the Draft Prospectus was obtained from internal Company reports, data, websites, Industry reports as well as Government Publications. Industry published data and website data generally state that the information contained therein has been obtained from sources believed to be reliable, but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Although, we believe industry and market data used in the Draft Prospectus is reliable, it has not been independently verified by us or the LM or any of their affiliates or advisors. Similarly, internal Company reports and data, while believed by us to be reliable, have not been verified by any independent source. There are no standard data gathering methodologies in the industry in which we conduct our business and methodologies and assumptions may vary widely among different market and industry sources.

In accordance with the SEBI (ICDR) Regulations, the section titled “Basis for Issue Price” on page 80 of the Draft Prospectus includes information relating to our peer group companies. Such information has been derived from publicly available sources, and neither we, nor the LM, have independently verified such information.

### **Currency of Financial Presentation and Exchange Rates**

All references to "Rupees" or “INR” or “₹” are to Indian Rupees, the official currency of the Republic of India. Except where specified, including in the section titled “Industry Overview” throughout the Draft Prospectus all figures have been expressed in thousands, Lakhs/Lacs, Million and Crores.

Any percentage amounts, as set forth in "Risk Factors", "Our Business", "Management's Discussion and Analysis of Financial Conditions and Results of Operation” on page 15, 94 & 186 in the Draft Prospectus, unless otherwise indicated, have been calculated based on our restated respectively financial statement prepared in accordance with Indian GAAP.

The Draft Prospectus may contains conversions of certain US Dollar and other currency amounts into Indian Rupees that have been presented solely to comply with the requirements of the SEBI (ICDR) Regulations. These conversions should not be construed as a representation that those US Dollar or other currency amounts could have been, or can be converted into Indian Rupees, at any particular rate.

## **FORWARD LOOKING STATEMENTS**

This Draft Prospectus includes certain “forward-looking statements”. We have included statements in the Draft Prospectus which contain words or phrases such as “will”, “aim”, “is likely to result”, “believe”, “expect”, “will continue”, “anticipate”, “estimate”, “intend”, “plan”, “contemplate”, “seek to”, “future”, “objective”, “goal”, “project”, “should”, “will pursue” and similar expressions or variations of such expressions, that are “forward-looking statements”. Also, statements which describe our strategies, objectives, plans or goals are also forward looking statements.

All forward looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Forward-looking statements reflect our current views with respect to future events and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Important factors that could cause actual results to differ materially from our expectations include but are not limited to:

1. General economic and business conditions in India;
2. Disruption in our manufacturing facilities.
3. Company’s ability to successfully implement its growth strategy and expansion plans.
4. Failure to comply with regulations prescribed by authorities of the jurisdictions in which we operate;
5. Inability to successfully obtain registrations in a timely manner or at all;
6. General economic and business conditions in the markets in which we operate and in the local, regional and national economies;
7. Our ability to effectively manage a variety of business, legal, regulatory, economic, social and political risks associated with our operations;
8. Changes in laws and regulations relating to the industries in which we operate;
9. Effect of lack of infrastructure facilities on our business;
10. Increase in prices of Raw Material i.e. fabrics
11. Occurrence of Environmental Problems & Uninsured Losses;
12. Intensified competition in industries/sector in which we operate;
13. Our ability to attract, retain and manage qualified personnel;
14. Failure to adapt to the changing technology in our textiles industry may adversely affect our business and financial condition;
15. Changes in political and social conditions in India or in countries that we may enter, the monetary and interest rate policies of India and other countries, inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices;
16. Conflicts of interest with affiliated companies, the promoter group and other related parties;
17. Any adverse outcome in the legal proceedings in which we are involved;
18. Our ability to expand our geographical area of operation;
19. Concentration of ownership among our Promoters.

For further discussion of factors that could cause our actual results to differ, see the Section titled “Risk Factors”; “Our Business” & and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on page 15, 94 & 186 respectively of the Draft Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated. There can be no assurance to investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements to be a guarantee of our future performance.

Neither our Company, our Directors, Selling Shareholders, our Officers, Lead Manager and Underwriter nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company, Selling Shareholders and the Lead Manager will ensure that investors in India are informed of material developments until such time as the grant of listing and trading permission by the Stock Exchange for the Equity Shares allotted pursuant to this Issue.

## **SECTION II: RISK FACTORS**

*An investment in Equity Shares involves a high degree of risk. You should carefully consider all the information in this Draft Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. To obtain a better understanding, you should read this section together with "Our Business" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" on pages 94 and 186 respectively, as well as the other financial and statistical information contained in this Draft Prospectus. The risks and uncertainties described in this section are not the only risks that we may face. Additional risks and uncertainties not known to us or that we currently believe to be immaterial may also have an adverse effect on our business, results of operations, financial condition and prospects.*

*If any of the following risks, or other risks that are not currently known or are now deemed immaterial, actually occur, our cash flows, business, financial condition and results of operations could suffer, the price of our Equity Shares could decline, and you may lose all or part of your investment. The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are risks where the impact is not quantifiable and hence the same has not been disclosed in such risk factors. Investment in equity and equity related securities involve a degree of risk and investors should not invest any funds in this Issue unless they can afford to take the risk of losing their investment. Investors are advised to read the risk factors carefully before taking an investment decision in this Issue. Before making an investment decision, investors must rely on their own examination of the Issue and us.*

*This Draft Prospectus contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Prospectus. The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors below. However, there are risk factors the potential effects of which are not quantifiable and therefore no quantification has been provided with respect to such risk factors. In making an investment decision, prospective investors must rely on their own examination of our Company and the terms of the Issue, including the merits and the risks involved. You should not invest in this Issue unless you are prepared to accept the risk of losing all or part of your investment, and you should consult your tax, financial and legal advisors about the particular consequences to you of an investment in our Equity Shares.*

*In this Draft Prospectus, any discrepancies in any table between total and the sums of the amount listed are due to rounding off. Any percentage amounts, as set forth in "Risk Factors" on page 15 and "Management Discussion and Analysis of Financial Condition and Results of Operations" on page 186 respectively of this Draft Prospectus unless otherwise indicated, has been calculated on the basis of the amount disclosed in the "Financial Information of the Company" prepared in accordance with the Indian Accounting Standards.*

### **INTERNAL RISK FACTORS**

- 1. Our Company, Promoters and Group Companies are involved in certain legal proceedings and potential litigations. Any adverse decision in such proceedings may render us/them liable to liabilities/penalties and may adversely affect our business and results of operations.***

Our Company, Promoters and Group Companies are currently involved in certain legal proceedings. These legal proceedings are pending at different levels of adjudication before various courts and tribunals. The summary of outstanding litigation in relation to criminal matters, direct tax matters, indirect tax matters and actions by regulatory/ statutory authorities against our Company, Promoters, Group Companies and Directors have been set out below.

*Litigation against our Company:-*

<b>Nature of Litigation</b>	<b>Number of Cases Outstanding</b>	<b>Amount Involved (in Lacs)</b>
Criminal Litigation	--	--
Action against Statutory & Regulatory Authorities	--	--
Taxation Liabilities (Direct Tax)	4	459.55
Other Pending Litigation	--	--

*Litigation against our Promoter:-*

Nature of Litigation	Number of Cases Outstanding	Amount Involved (in Lacs)
Criminal Litigation	1	Not ascertainable
Action against Statutory & Regulatory Authorities	--	--
Taxation Liabilities (Direct Tax)	1	1.96
Other Pending Litigation	--	--

*Litigation against our Group Companies:-*

Nature of Litigation	Number of Cases Outstanding	Amount Involved (in Lacs)
Criminal Litigation	--	--
Action against Statutory & Regulatory Authorities	--	--
Taxation Liabilities (Direct Tax)	3	26.99
Other Pending Litigation	--	--

For further details, see “*Outstanding Litigation and Material Developments*” beginning on page 198 of this Draft Prospectus.

Decisions in any of the aforesaid proceedings adverse to our interests may have a material effect on our business, future financial performance and results of operations. If the courts or tribunals rule against our Company, our Promoters and Group Companies, we may face monetary and/or reputational losses and may have to make provisions in our financial statements, which could increase our expenses and our liabilities.

**2. A significant portion of our revenues are dependent on our exports to our international customers. Any failure to fulfill the requirements of our international customers may affect our revenues, result of operations and cash flows.**

For the nine months period ended December 31, 2016, fiscal 2016, fiscal 2015 and fiscal 2014, export of garments to our overseas customers accounted for 54.19%, 56.93%, 59.86% and 54.88%, respectively of our total turnover.

As a result, our operations are impacted by various risks inherent in international sales and operations, including:

- Currency exchange rate fluctuations;
- Regional economic or political uncertainty;
- Currency exchange controls;
- Differing accounting standards and interpretations;
- Differing labor regulations;
- Differing domestic and foreign customs, tariffs and taxes;
- Current and changing regulatory environments;
- Difficulty in staffing and managing widespread operations;
- Coordinating and interacting with local representatives and counterparties to fully understand local business and regulatory requirements; and
- Availability and terms of financing.

To the extent that we are unable to effectively manage our global operations and risks such as the above, we may be unable to grow or maintain our sales and profitability, or we may be subject to additional unanticipated costs or legal or regulatory action. As a consequence, our business, financial condition, results of operations and cash flows may be affected.

**3. Continued operations of our manufacturing facilities are critical to our garment manufacturing business and any disruption in the operation of our facilities may have a material adverse effect on our business, results of operations and financial condition.**

We operate three manufacturing facilities in Ahmedabad, Gujarat and our manufacturing facilities are subject to operating risks, such as unavailability of machinery, break-down, obsolescence or failure of machinery, disruption in power supply or processes, performance below expected levels of efficiency, labour disputes, natural disasters, industrial accidents and statutory and regulatory restrictions. Further, we have primarily imported our machinery from outside India. The service and repair centers for such imported

machinery may not be available in India. In the event of a breakdown or failure of such machinery, replacement parts may not be available in India and such machinery may have to be sent for repairs or servicing to the country from where it was procured. This may lead to delay and disruption in our production process that could have an adverse impact on our sales, results of operations, business growth and prospects.

In addition, our customer in India and outside India rely significantly on the timely delivery of our products and our ability to provide an uninterrupted supply of our products is critical to our business. Any disruption of operations of our manufacturing facilities could result in delayed delivery of our products or defects in the garments delivered to our customers, which in turn may lead to disputes and legal proceedings with them on account of any losses suffered by them or any interruption of their business operations due to such delay or defect. Our business and financial results may be adversely affected by any disruption of operations of our manufacturing facilities, on account of factors including any or all of the factors mentioned above.

**4. *We are yet to receive certain regulatory approvals in respect of our operations. Failure to obtain or maintain licenses, registrations, permits and approvals may affect our business and results of operations.***

We are governed by various laws and regulations for our business and operations. We are required, and will continue to be required, to obtain and hold relevant licenses, approvals and permits at state and central government levels for doing our business. The approvals, licenses, registrations and permits obtained by us may contain conditions, some of which could be onerous. Additionally, we will need to apply for renewal of certain approvals, licenses, registrations and permits, which expire or need to update pursuant to conversion of company from private to public Company and change in address in registered office of the Company. While we have obtained a significant number of approvals, licenses, registrations and permits from the relevant authorities, we are yet to receive or apply for Registration under Shop and Establishment Act for Registered Office, Godown and Marketing Office. Furthermore, we cannot assure you that the approvals, licenses, registrations and permits issued to us will not be suspended or revoked in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant to any regulatory action. Any suspension or revocation of any of the approvals, licenses, registrations and permits that has been or may be issued to us may affect our business and results of operations.

These laws and regulations governing us are increasingly becoming stringent and may in the future create substantial compliance or liabilities and costs. While we endeavour to comply with applicable regulatory requirements, it is possible that such compliance measures may restrict our business and operations, result in increased cost and onerous compliance measures, and an inability to comply with such regulatory requirements may attract penalty. For further details regarding the material approvals, licenses, registrations and permits, which have not been obtained by our Company or are, pending renewal, see “Government and Other Approvals” on page 203 of this Draft Prospectus.

**5. *We may not be able to prevent unauthorised use of trademarks obtained/ applied for by third parties, which may lead to the dilution of our goodwill.***

We have obtained trademark registrations of our brands, including “Globe Textiles” and “Globe Eshop” under class 24 & 25 under the Trade Marks Act, 1999 ( “Trade Marks Act” ), any unauthorized use of our trademarks, by unrelated third parties may damage our reputation and brand. Preventing trademark infringement, particularly in India, is difficult, costly and time-consuming. The measures we take to protect our trademarks may not be adequate to prevent unauthorized use by third parties, which may affect our brand and in turn adversely affect our business, financial condition, results of operations and prospects.

With respect to applications made for registration of trademarks, some of our trademark applications are objected by other parties. For further details in relation to the status of our trademark applications, see “Government and Other Approvals - Intellectual Property Rights” on page 203 of this Draft Prospectus. We cannot assure you that our applications will be accepted and that the trademarks will be registered. Pending the registration of these trademarks we may have a lesser recourse to initiate legal proceedings to protect our brands. Further, our applications for the registration of certain trademarks may be opposed by third parties and we may have to incur expenses in relation to these oppositions. In the event we are not able to obtain registrations due to opposition by third parties or if any injunctive or other adverse order is issued against us in respect of any of our trademarks for which we have applied for registration, we may not be able to avail the legal protection or prevent unauthorised use of such trademarks by third parties, which may affect our Brand and business.

For further details on the trademarks, Objected or pending registration, please refer to the chapter titled “Government and Other Approvals - Intellectual Property Rights” on page 203 of this Draft Prospectus.

**6. *Our Company if not able to manage our growth or to successfully implement our business plan could have an effect on our business, results of operations and financial condition.***

The success of our business will depend greatly on our ability to effectively implement our business and growth strategy. Our growth strategy involves focusing on Optimal Utilization of Resources and to develop relationships with customer and suppliers. For further details, see the section titled “Our Business – Our Strategies” on page 94 of this Draft Prospectus. Our success in implementing our growth strategies may be affected by:

- Our ability to identify new markets to expand;
- Our ability to maintain the quality of our products;
- Changes in the Indian regulatory environment in field of Textiles

Our Company if is not able to execute our strategy on time and within our estimated budget, or that our expansion and development plans will increase our profitability. Any of these factors could impact our results of operations. Further, we expect our growth strategy to place significant demands on our management, financial and other resources and require us to continue developing and improving our operational, financial and other internal controls. Our inability to manage our business and implement our growth strategy could have an effect on our business, financial condition and profitability.

**7. *We have had certain inaccuracy in relation to regulatory filings to be made with the RoC and our company has made non compliances of certain provision under applicable law.***

In the past, there have been certain instances of inaccuracy in relation to annual returns filed with ROC for instance, the list of shareholders and transfers are not attached with annual return filed for the year 2005-06 & 2006-07, our Company had made errors in transfer list attached with annual return for the year 2008-09 and number of shareholders are wrongly mention in annual return for the year 2011-12. Also the details of appointment and resignation of Directors are not properly disclosed in annual returns. Additionally in past our Company has not complied with filing of some forms in Registrar of Companies such as forms in respect of regularization of Director and change in designation of Executive Directors. Further there are some instances where forms are belatedly filed in RoC with requisite additional fees.

Although no show cause notice have been issued against our Company till date in respect of above, in the event of any cognizance being taken by the concerned authorities, actions may be taken against our Company and its directors, in which event the financials of our Company and our directors may be affected.

**8. *Our business depends on the performance of its information technology systems and any interruption or abnormality in the same may have an impact on our business operations and profitability.***

We have an ERP system which integrates and collates data of purchase, sales, reporting, accounting, stocks, etc., from all the places of operations. We utilise our information technology systems to monitor all aspects of our business and rely to a significant extent on such systems for the efficient operation of our business, including, monitoring of inventory levels, allocation of products and budget planning. Our information technology systems may not always operate without interruption and may encounter abnormality or become obsolete, which may affect our ability to maintain connectivity with our factories and office. We cannot assure you that we will be successful in developing, installing, running and migrating to new software system or systems as required for our overall operations. Even if we are successful in this regard, significant capital expenditures may be required, and we may not be able to benefit from the investment immediately. All of these may have a material impact on our operations and profitability. The ERP system deployed by us has been purchased. The regular maintenance and upgradation of the ERP system is carried out by the vendor and costs to be incurred by the Company. Any failure in this ERP system may necessitate the Company to switch to a different system, implementation of which may result in significant costs to the Company.

Also, our Company cannot guarantee that the level of security it presently maintains is adequate or that its systems can withstand intrusions from or prevent improper usage by third parties. Our Company’s failure to continue its operations without interruption due to any of these reasons may affect our Company’s results of operations.

**9. Our contingent liabilities as stated in our Restated Financial Statements could affect our financial condition.**

Our Contingent liability as on December 31, 2016 was ₹ 459.67 Lacs. If this contingent liability materializes, fully or partly, the financial condition of our Company could be affected. The details of Contingent Liability as on December 31, 2016 as follows:-

S.No.	Particulars	Amount ( ₹ in Lacs)
1.	Direct Tax demands/Notices/Appeals	459.67

For more information, regarding our contingent liabilities, please refer “Annexure U” in chapter titled “Financial Information of the Company” beginning on page 146 of this Draft Prospectus.

**10. The loss, shutdown or slowdown of operations at any of our facilities or the under-utilization of any such facilities may have a material effect on our results of operations and financial condition.**

Our business and results of operations are dependent on our ability to effectively plan our manufacturing processes and on our ability to optimally utilize our manufacturing capacities for the various products we manufacture. Any disruption to our manufacturing process or the operation of our production facilities may result from various factors beyond our control, including, among others, the following:

- Utility supply disturbances, particularly power supply;
- Forced close down or suspension of our manufacturing facilities due to factors such as breakdown or failure of equipment, performance below expected levels of output or efficiency, facility obsolescence or disrepair, labour disputes such as strikes and work stoppages, natural disasters and industrial accidents;
- Severe weather condition;
- Interruption of our information technology systems that facilitate the management of our manufacturing facilities; and
- Other production or distribution problems, including limitations to production capacity due to regulatory requirements, changes in the types of products produced or physical limitations that could impact continuous supply.

Although our production facilities have not experienced any material disruption in the past, there can be no assurance that there will not be any material disruption to our operations in the future. If we fail to take adequate steps to mitigate the likelihood or potential impact of these events, or to effectively respond to these events if they occur, our business, results of operations and financial condition could be materially affected. Further, we depend upon our suppliers and vendors to provide the necessary equipment and services that we need for our continuing operations and maintenance of our facilities, plant and machinery. We cannot assure you that we will be able to continue to obtain equipment on commercially acceptable terms, or at all, or that our vendors will continue to enter into or honor the contracts for their services. Our inability to continue to obtain equipment and enter into contracts with our vendors in a timely manner, or at all, could affect our business and results of operations.

**11. We are dependent on our senior management and other key personnel, and the loss of, or our inability to attract or retain, such persons could affect our business, results of operations, financial condition and cash flows.**

Our performance depends largely on the efforts and abilities of our senior management and other key personnel, including our Promoters and Directors. We believe that the inputs and experience of our senior management, in particular, and other key personnel are valuable for the development of our business and operations and the strategic directions taken by our Company. For details in relation to the experience of our key management personnel, see “Our Management” on page 122 of this Draft Prospectus. We cannot assure you that these individuals or any other member of our senior management team will not leave us or join a competitor or that we will be able to retain such personnel or find adequate replacements in a timely manner, or at all. We may require a long period of time to hire and train replacement personnel when qualified personnel terminate their employment with our Company. We may also be required to increase our levels of employee compensation more rapidly than in the past to remain competitive in attracting employees that our business requires. The loss of the services of such persons may have an effect on our business, results of operations, financial condition and cash flows.

**12. *We do not have supporting document for the information comprising the qualification of one of our Director included in the sections “Our Management” of this Draft Prospectus.***

We do not have supporting document for information included in the biographies, pertaining to their educational qualification, for one of our Director, disclosed in the sections “Our Management” on pages 122, respectively of this Draft Prospectus. The information included in the Draft Prospectus in relation to certain portions of biographies related to qualification is provided by the respective Director by way of affidavit, certifying such information. Therefore, we cannot assure you that all information relating to the educational Proof of our Directors included in the sections “Our Management”, as may be applicable, is complete, true and accurate.

**13. *Some of our corporate records including forms filed in registrar of companies prior to 2006 are not traceable.***

We are unable to trace certain corporate and other documents in relation to our Company such as roc forms prior to the year 2006. We cannot assure you that the filings were made in a timely manner and that we shall not be subject to penalties on this account. Further online filing of Roc Documents was initiated in the year 2006 and all forms prior to the said year were physically filed, hence certain of these forms could not be retrieved from Ministry of Corporate Affairs (MCA) portal. Our Company had carried limited purpose search for the physical copies of the untraceable forms at the RoC Ahmedabad but the forms are not available at the office of Registrar of Companies as well. We cannot further assure you that we will not be penalized by the relevant supervisory and regulatory authorities in India for not maintaining secretarial records before 2006.

**14. *Any failure to comply with financial and other restrictive covenants imposed on us under our financing agreements may affect our operational flexibility, business, results of operations and prospects.***

As on December 31, 2016, our total secured borrowings amounted to Rs. 5120.55 Lacs. Our leverage has several important consequences, including the following:

- Our borrowing cost and the existence of encumbrances on a significant portion of our immovable properties may constrain. In the event of enforcement of an event of default in connection with such secured borrowings (which is not waived or cured), our ability to continue to operate our business at such locations may be restricted;
- Fluctuations in interest rates may affect our cost of borrowing, as all or a substantial part of our borrowings is at floating rates of interest; and
- Our financing agreements require us to obtain the consent of, or to intimate, our lenders for certain actions including change in shareholding or directorship of our Company, drawdown of further loans, or taking up a new scheme of expansion or line of business, issuance of guarantees, and for certain corporate actions. Our failure to comply with financial or restrictive covenants or periodic reporting requirements or to obtain our lenders’ consent to take certain actions in a timely manner or at all may result in declaration of an event of default by any current or future lenders, which may accelerate repayment or increase applicable interest rates or trigger cross-default or cross-acceleration under other financing agreements.

The termination of, or declaration or enforcement of default under, any current or future financing agreement (if not waived or cured) may affect our ability to raise additional funds or renew maturing borrowings to finance our existing operations and pursue our growth initiatives and, therefore, have an effect on our business, results of operations and prospects.

**15. *Certain of our working capital facilities and other facilities are under renewal. In case any of such banks do not renew such working capital facilities, it may affect our cash flows which may, in turn, affect our business, financial condition, results of operations and prospects.***

Our working capital facilities and other facilities are renewed at periodic intervals and, as on date of this Draft Prospectus, certain of our working capital facilities are under renewal. As of December 31, 2016 our total secured outstanding indebtedness was ₹ 5120.55 Lacs of the aforesaid working capital facilities and other facilities, we are in the process of obtaining a formal renewal from The Karur Vyasa Bank Limited, for loans availed of by our Company Although we have initiated the process for renewal of such facilities, we cannot assure you that the renewed working capital facilities will be available to us, on commercially viable terms, or at all. In case any of such banks do not renew such working capital facilities, it may affect our cash flows which may, in turn, affect our business, financial condition, results of operations and prospects.

**16. Some of the immovable properties used by us are leased. If we are unable to renew existing leases or relocate operations on commercially reasonable terms, there may be an effect on our business, results of operations and prospects.**

We do not own some of the premises from where we operate. We enter into both long term and short-term leases, which are renewable based on the terms of the agreement. Typically for the short term lease the lease is required to be renewed in every three years. Periodic renewals of short-term leases may increase our costs, since they are subject to rent escalation. Also our Company has obtained the property from where the registered office and Unit – I is operated on leasehold basis for the period of 30 years from Gujarat Industrial Development Corporation (GIDC). Further, if we are required to relocate our factories, godown and marketing office as a result of any termination or non-renewal of our leases, we may incur additional cost as a result of such relocation. If we are unable to renew the agreements pursuant to which we occupy the premises on terms and conditions acceptable to us, or at all, we may have to relocate to other places.

Any failure or difficulty faced by us in renewing leases, or disputes or other problems that we or our business partners may face in the future with lessees may affect our business and prospects. For further details of our Properties, please refer to section titled “Our Business” beginning on Page 94 of this Draft Prospectus.

**17. Our Company has, in the past, made applications for condonation of delay in respect of delay in making a form filing with the RoC in relation to the charge modification by us in favour of one of our lenders. There can be no assurance that there will not be any delay in making form filings in the future.**

Our Company has created two charges in favour of Dena Bank for an amount of Rs. 245 Lacs each which was created on April 04, 2009 and April 08, 2009 and was further modified on September 25, 2009. In terms of the Companies Act 1956, our Company was required to make the requisite form filing with the RoC within 30 days from the date of creation or modification of the charge. However, our Company made the requisite form filing with the RoC on February 16, 2010, after a delay of more than 112 days from the date of modification for both the charge. Our Company has filed a petition before the Company Law Board, Mumbai Bench under Section 637 of the Companies Act 1956 for condonation of this delay. The Company Law Board, Mumbai Bench, by an order dated April 7, 2010 for both the modification has condoned the delay and has levied a penalty of ₹ 1,000 each on our Company. If any of such situations arises in future, our Company will have to bear penalties as imposed by regulatory authority which impact the financial position of company.

**18. We have experienced negative cash flows in the past. Any such negative cash flows in the future could affect our business, results of operations and prospects.**

Our Company had reported certain negative cash flows from our operating activities, investing activities and financing activities in the previous years as per the restated financial statements and the same are summarized as under:

Particulars	For the Period Ended on December 31, 2016	For the year ended March 31,				
		2016	2015	2014	2013	2012
Cash flow from Operating Activities	(35,066,726)	(72,170,253)	91,023,578	(79,049,301)	(72,308,486)	(82,521,109)
Cash flow from Investing Activities	(64,738,121)	8,876,197	(63,840,588)	(71,378,134)	(13,920,364)	60,373
Cash flow from Financing Activities	82,414,675	59,176,340	(23,072,576)	163,656,857	81,658,435	92,784,578

Cash flow of a company is a key indicator to show the extent of cash generated from operations to meet capital expenditure, pay dividends, repay loans and make new investments without raising finance from external resources. If our Company is not able to generate sufficient cash flows, it may affect our business and financial operations. For further please refer chapter titled “Financial Information of the company” beginning on Page 146 of this Draft Prospectus.

**19. *Our inability to maintain an optimal level of inventory in our factories and Godown may impact our operations and Business.***

We estimate our sales based on the forecast, demand and requirements of our Products. An optimal level of inventory is important to our business as it allows us to respond to customer demand effectively and to maintain a full range of products. We typically maintain inventory levels of raw material and finished goods that are sufficient for a few days of operation.

Natural disasters such as earthquakes, extreme climatic or weather conditions such as floods or droughts, or natural conditions may impact the supply of raw material. Such disruption to supply would affect our business, profitability. Although availability of raw material from where we operate are easy and convenient as there are ample of suppliers. Further, if there will be situation of understock inventory, our ability to meet customer demand and our operating results may be affected. Any mismatch between our planning and actual Production and demand could lead to potential excess inventory or out-of-stock situations, either of which could have an effect on our business, financial condition and results of operation.

**20. *Increases in interest rates may materially impact our results of operations.***

Substantially all of our secured debt carries interest at floating interest rates or at rates that are subject to adjustments at specified intervals. We are exposed to interest rate risk in respect of contracts for which we have not entered into any swap or interest rate hedging transactions, although we may decide to engage in such transactions in the future. We may further be unable to pass any increase in interest expense to our existing customers. Any such increase in interest expense may have a material effect on our business, financial condition, results of operations and cash flows. Furthermore, if we decide to enter into agreements to hedge our interest rate risk, there can be no assurance that we will be able to do so on commercially reasonable terms, that our counterparties will perform their obligations, or that these agreements, if entered into, will protect us fully against our interest rate risk.

**21. *If there is a change in policies related to tax, duties or other such levies applicable to us, it may affect our results of operations.***

We benefit from certain tax regulations and incentives that accord favourable treatment to certain of our manufacturing facilities. These tax benefits include income tax deductions, and export incentives. For details regarding income tax deductions, please refer to the chapter “Statement of Tax Benefits” on page 83 of this Draft Prospectus.

On March 31, 2015, the Ministry of Finance, Government of India has issued Income Computation and Disclosure Standards (“ICDS”), a new framework for computation of taxable income by all assesseees. All assesseees would be required to adopt these standards for the purposes of computation of taxable income under the heads “Profit and Gains of Business or Profession” and “Income from Other Sources”. These standards are applicable for the previous fiscal commencing April 1, 2015, i.e., assessment year 2016 – 17 onwards.

New or revised accounting policies or policies related to tax, duties or other such levies promulgated from time to time by the relevant authorities may significantly affect our results of operations. We cannot assure you that we would continue to be eligible for such lower tax rates or any other benefits. The reduction or termination of our tax incentives, or non-compliance with the conditions under which such tax incentives are made available, will increase our tax liability and affect our business, prospects, results of operations and financial condition.

**22. *One of Manufacturing facility is situated at Special Economic Zone (SEZ) of Gujarat Industrial Development Corporation (GIDC) and is required to adhere the provision of SEZ Act, 2005***

One of our Manufacturing facilities is situated at Apparel Park, SEZ GIDC, Ahmedabad, Gujarat and enjoys various advantages applicable to factories situated in Special Economic Zones which include concessional rate of duty on Exports of goods and Tax holiday for 10 years etc. Also our factory is required to adhere to provision of SEZ Act, 2005 which include registration for setting up and operation of the Unit. Any non compliance or non adherence of applicable provision will result in termination of registration to operate in Special Economic Zone. If any of such situations arises in future, our operation and business will be effected.

**23. *Our business is manpower intensive and our business may be affected if we are unable to obtain or retain employees on contract or at commercially attractive costs.***

Our success depends on our ability to attract, hire and retain skilled and unskilled labour. Our business is manpower intensive and our continued growth depends in part on our ability to recruit and retain suitable staff. We have faced increasing competition for management and skilled personnel with significant knowledge and experience in the textiles sector in India. There can be no assurance that attrition rates for our employees, particularly our sales personnel, will not increase. A significant increase in our employee attrition rate could also result in decreased operational efficiencies and productivity, loss of market knowledge and customer relationships, and an increase in recruitment and training costs, thereby materially affecting our business, results of operations and financial condition. We cannot assure you that we will be able to find or hire personnel with the necessary experience or expertise to operate our business. In the event that we are unable to hire people with the necessary knowledge or the necessary expertise, our business may be severely disrupted, financial condition and results of operations may be affected.

Additionally, we have seen an increasing trend in manpower costs in India, which has had a direct impact on our employee costs and consequently, on our margins. Further, the minimum wage laws in India may be amended leading to upward revisions in the minimum wages payable in one or more states. We may need to increase compensation and other benefits in order to attract and retain key personnel in the future and that may materially affect our costs and profitability. We cannot assure you that as we continue to grow our business in the future, our employee costs coupled with operating expenses will not significantly increase.

**24. *Our Statutory Auditors and secretarial Auditor have included a matter of emphasis and qualification in relation to our Company in the Audited Financial Statements and compliance certificate.***

Our Statutory Auditors have included a matter of emphasis in relation to our Company in the Audited Financial Information for the fiscal 2013, 2014, 2015 and 2016 in relation to determination of related Party as per Accounting Standard 18. Further the auditor has reported in Report on the Internal Financial Controls under Clause I of sub section 3 of Section 143 of the Companies Act, 2013 that the company does not have defined policies to manage its operations. Additionally, in compliance certificate issued by our Secretarial Auditor had included a qualification of non compliance of section 297 of Companies Act, 1956 in the year 2012-13 & 2013-14 with respect to contracts and transaction entered with related Party. The existence of such deficiencies or any other could subject us to penalties and additional liabilities due to which our financial results may be affected.

**25. *Our Group Company have incurred losses in past and any operating losses in the future could affect the results of operations and financial conditions of our group companies.***

The details of profit and loss of our Group Company in past years are as follows:-

Name of the Group Company	Profit/ (Loss) for the year ended (Amount in Lacs)		
	31 <sup>st</sup> March 2016	31 <sup>st</sup> March 2015	31 <sup>st</sup> March 2014
Padamshree Globe Tradelink Limited	(42.77)	(23.17)	7.15

Any operating losses could affect the overall operations and financial conditions of the Group. For more information, regarding the Company, please refer chapter titled “Our Group Companies” beginning on page 138 of this Draft Prospectus.

**26. *We may be unable to enforce our rights under some of our agreements with counterparties on account of insufficient stamping and non-registration or other reasons.***

We enter into agreements with third parties, in relation to leasing of our offices, factories and godown from where we operate our business. The terms, tenure and the nature of the agreements may vary depending on, amongst other things, the subject matter of the agreement and the third party involved. Some of the agreements related to Unit II, Unit III and Godown executed by us are not registered or may not otherwise be enforceable. Inadequately stamped documents may be impounded by the appropriate authority. Such inadequately stamped or not registered documents may not be admissible in evidence in a court of law until the applicable stamp duty, with penalty, has been paid and registered, which could, therefore, impact our ability to enforce our rights under the agreements in a timely manner or at all.

We cannot assure you that we would be able to enforce our rights under such agreements or in respect of such immovable properties, and any inability to do so, could impair our operations and affect our financial condition, cash flows and results of operation.

- 27. *We have significant power requirements for continuous running of our factories. Any disruption to our operations on account of interruption in power supply or any irregular or significant hike in power tariffs may have an effect on our business, results of operations and financial condition.***

Our factories, godown and offices have significant electricity requirements and any interruption in power supply to our factories, godown and offices may disrupt our operations. Our business and financial results may be affected by any disruption of operations. We depend on third parties for all of our power requirements. Further, we have limited options in relation to maintenance of power back-ups such as diesel generator sets and any increase in diesel prices will increase our operating expenses which may impact our business margins.

Since we have significant power consumption, any unexpected or significant increase in its tariff can increase the operating cost of factories, godown and offices. There are limited number of electricity providers in area from where we operate due to which in case of a price hike we may not be able to find a cost-effective substitute, which may negatively affect our business, financial condition and results of operations.

- 28. *We have not entered into any long-term agreements with our suppliers for procuring our textile products and accordingly may face disruptions in supply from our current suppliers.***

We are in the business of manufacturing of garments, fancy fabrics and other textile products. We procure raw material from local traders, dealer and / or manufacturers. Since, these orders are given according to specific requirements, no specific agreement / MoU have been entered into between our Company and our suppliers and we typically transact on an invoice basis for each order. These suppliers provide us the raw material based on trust, service and the ready finance provided by us. In the absence of written agreements, our suppliers can withdraw the orders from us at any time which may leads to significant disruption in the supply of these traded goods from current sources, or, in the event of a disruption, that we would be able to locate alternative suppliers of the raw material of comparable quality on terms acceptable to us, or at all. Identifying a suitable supplier involves a process that requires us to become satisfied with their quality control, consistency, responsiveness and service, financial stability and other ethical practices. If we are unable to maintain our relationship with our current raw material suppliers it may prove difficult to obtain the same from other regulated players.

Any delay, interruption or increased cost in the supply of our products arising from a lack of long-term contracts could have an effect on our ability to meet customer demand for our products and result in lower revenue from operations both in the short and long term.

- 29. *Substantial portion of our revenues has been dependent upon our few clients. The loss of any one or more of our major clients would have a material effect on our business operations and profitability.***

Our Customer includes the various distributors that market our product and also some Direct Selling Agents outside India. Our sales is ultimately to various corporate and distributors. For the financial year ended December 31, 2016, our top ten clients accounted for approximately 60.11% of our gross revenues from operations. The loss of a significant clients would have a material effect on our financial results. We cannot assure you that we can maintain the historical levels of business from these clients/distributors or that we will be able to replace these clients/distributors in case we lose any of them. Furthermore, major events affecting our clients, such as bankruptcy, change of management, mergers and acquisitions could impact our business. If any of our major clients becomes bankrupt or insolvent, we may lose some or all of our business from that client and our receivable from that client would increase and may have to be written off, impacting our income and financial condition.

- 30. *We depend on third parties for a major portion of our transportation needs. Any disruptions may affect our operations, business and financial condition.***

We rely on third party transportation and other logistic facilities at every stage of our business activity including for procurement of raw material from our suppliers and for transportation from our finish products to our customers. For this purpose, we hire services of transportation companies. However, we have not entered into any definitive agreements with any third party transport service providers and engage them on a needs basis. Additionally, availability of transportation solutions in the markets we operate in is typically fragmented. We rarely enter into written documentation in relation to the transportation services we hire which poses various additional risks including our inability to claim insurance. Further, the cost of our goods carried by such third party transporters is typically much higher than the consideration paid for transportation, due to which it may be difficult for us to recover compensation for damaged, delayed or lost goods.

Our operations and profitability are dependent upon the availability of transportation and other logistic facilities in a time and cost efficient manner. Accordingly, our business is vulnerable to increased transportation costs including as a result of increase in fuel costs, transportation strikes, delays, damage or losses of goods in transit and disruption of transportation services because of weather related problems, strikes, lock-outs, accidents, inadequacies in road infrastructure or other events.

Although we have not experienced any disruptions in the past, any prolonged disruption or unavailability of such facilities in a timely manner could result in delays or non-supply or may require us to look for alternative sources which may be cost inefficient, thereby affecting our operations and profitability.

***31. We may not be able to adapt to changing market trends and customer requirements in the fashion market in a timely manner, or at all.***

The market for garment fashion in the country is highly competitive with several players present in various segments including through third party e-commerce platforms. If we are unable to anticipate consumer preferences or industry changes, or if we are unable to modify our products and their prices on a timely basis, we may lose customers to our competitors, or may be forced to reduce our sales realization on products by having to offer them at a discount, thereby reducing our margins. For instance, manufacturing for a season begins well in advance of the season and we may not be able to incorporate the prevalent trends, or accommodate any sudden emergence of a new trend that may be relevant to that season in the collection being released. If our competitors are able to cater to these markets, or if we are not able to anticipate the demand, or misjudge the quantity, inter alia, this could lead to lower sales, higher inventories and higher discounts, each of which could have a material effect on our results of operations and financial condition.

***32. Our Company has in the past entered into related party transactions and may continue to do so in the future.***

We have entered into and may in the course of our business continue to enter into transactions specified in the Restated Financial Information contained in this Draft Prospectus with related parties that include our Promoters and Directors and Group Companies. For further details in relation to our related party transactions, see “*Related Party Transactions*” on page 177 of this Draft Prospectus. While we believe that all such transactions have been conducted on an arm’s length basis and in the ordinary course of business, there can be no assurance that we could not have achieved more favourable terms had such transactions not been entered into with related parties. Furthermore, it is likely that we may enter into related party transactions in the future. The Companies Act, 2013 has brought into effect significant changes to the Indian company law framework, including specific compliance requirements such as obtaining prior approval from audit committee, the board of directors and shareholders for certain related party transactions. There can be no assurance that such transactions, individually or in the aggregate, will not have a material effect on our financial condition and results of operations.

***33. Accidents could result in the slowdown or stoppage of our operations and could also cause damage to life and property.***

We endeavour to meet necessary safety standards in relation to our operations at our factories and godown. However, certain accidents or mishaps may be unavoidable or may occur on account of negligence or human error in complying with the prescribed safety standards or for other reasons. Such accidents or mishaps may result in, amongst others, an action of tort being initiated against us.

Therefore, although we take steps to ensure safety, accidents, including human fatalities, may occur and there can be no assurance that our safety measures and the precautions undertaken will be completely effective or sufficient. Further, if we fail to maintain adequate insurance cover in relation to the foregoing, a claim filed by us with our insurer is rejected, a loss occurs, which does not fall under the insurance cover maintained by us, or our claim is subject to any deductible or delay in settlement, amongst other things, our exposure will increase. Any accident at our area of operations could also harm our reputation. Such accidents may have an impact on our business.

***34. In addition to normal remuneration, other benefits and reimbursement of expenses some of our Directors are interested in our Company to the extent of their shareholding and dividend entitlement in our Company.***

Some of our Directors are interested in our Company to the extent of their shareholding and dividend entitlement in our Company, in addition to normal remuneration or benefits and reimbursement of expenses. We cannot assure you that our Directors would always exercise their rights as Shareholders to the benefit and best interest of our Company. As a result, our Directors will continue to exercise significant control over our Company, including being able to control the composition of our board of directors and

determine decisions requiring simple or special majority voting, and our other Shareholders may be unable to affect the outcome of such voting. Our Directors may take or block actions with respect to our business, which may conflict with our best interests or the interests of other minority Shareholders, such as actions with respect to future capital raising or acquisitions. We cannot assure you that our Directors will always act to resolve any conflicts of interest in our favour, thereby affecting our business and results of operations and prospects.

**35. *Any Penalty or demand raise by statutory authorities in future will affect our financial position of the Company.***

Our Company is mainly engaged in business of manufacturing of garments which attracts tax liability such as Sales Tax, Service Tax, Income Tax and other applicable provision of the Acts. However the Company has been depositing the return under above applicable acts but any demand or penalty raise by concerned authority in future for any previous year and current year will affect the financial position of the Company. For instance our company has liability of TDS demand for previous financial years due to short deduction of TDS and interest amounting ₹1.60 Lacs. For detail, Please refer “Outstanding Litigation and Material Development” beginning on page 198 of Draft Prospectus. Any such penalty and prosecution arising in future may lead to financial loss to our Company.

**36. *Our Promoters/Directors have provided personal guarantees for loan facilities obtained by our Company, and any failure or default by our Company to repay such loans in accordance with the terms and conditions of the financing documents could trigger repayment obligations on them, which may impact their ability to effectively service their obligations as our Promoters/Directors and thereby, impact our business and operations.***

Mr. Bhavik Suryakant Parikh, our Promoter/ Director and Mr. Nilaybhai Jagdishbhai Vora, Our Director, have personally guaranteed the repayment of loan facilities taken by us. As at December 31, 2016, outstanding amounts from credit facilities personally guaranteed was Rs 5118.65 Lacs. Additionally, Mrs. Shraddhaben Bhavik Parikh, our Promoter Group Member has provided personal property as collateral security to aforesaid loan facilities.

Any default or failure by us to repay its loans in a timely manner, or at all could trigger repayment obligations on the part of Mr. Bhavik Suryakant Parikh, Mr. Nilaybhai Jagdishbhai Vora and Mrs. Shraddhaben Bhavik Parikh in respect of such loans, which in turn, could have an impact on their ability to effectively service their obligations as Promoters/Directors of our Company, thereby having an effect on our business, results of operation and financial condition. Furthermore, in the event that these individual withdraw or terminate their guarantees and collateral security, our lenders for such facilities may ask for alternate guarantees and collateral security, repayment of amounts outstanding under such facilities, or even terminate such facilities. We may not be successful in procuring guarantees satisfactory to the lenders, and as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which could affect our financial condition and cash flows.

For further details, please refer to chapter titled “Statement of Financial Indebtedness” beginning on page 183 of the Draft Prospectus.

**37. *Information relating to our production capacities and the historical capacity utilization of our production facilities included in this Draft Prospectus is based on certain assumptions and has been subjected to rounding off, and future production and capacity utilization may vary.***

Information relating to our production capacities and the historical capacity utilization of our production facilities included in this Draft Prospectus is based on various assumptions and estimates of our management, including proposed operations, assumptions relating to availability and quality of raw materials, assumptions relating to operational efficiencies, as well as assumptions in relation to the average density of garments manufactured by us. Actual production levels and utilization rates may differ significantly from the estimated production capacities or historical estimated capacity utilization information of our facilities. Undue reliance should therefore not be placed on our production capacity or historical estimated capacity utilization information for our existing facilities included in this Draft Prospectus. For further information, see the section titled “Our Business” on page 94 of this Draft Prospectus.

**38. *Our business operations may be materially affected by strikes, work stoppages or increased wage demands by our employees or those of our suppliers.***

We have not experienced any major disruptions to our business operations due to disputes or other problems with our work force in the past, there can be no assurance that we will not experience such disruptions in the future. Such disruptions may affect our business and results of operations and may also divert the management's attention and result in increased costs.

India has stringent labour legislation that protects the interests of workers, including legislation that sets forth detailed procedures for the establishment of unions, dispute resolution and employee removal and legislation that imposes certain financial obligations on employers upon retrenchment. Although our employees are not currently unionized, there can be no assurance that they will not unionize in the future. If our employees unionize, it may become difficult for us to maintain flexible labour policies, and we may face the threat of labour unrest, work stoppages and diversion of our management's attention due to union intervention, which may have a material impact on our business, results of operations and financial condition. We are also subject to laws and regulations governing relationships with employees, in such areas as minimum wage and maximum working hours, overtime, working conditions, hiring and terminating of employees and work permits. Shortage of skilled personnel or work stoppages caused by disagreements with employees could have an effect on our business and results of operations.

**39. *Our growth and profitability depend on the level of consumer confidence and spending in India and the other jurisdictions in which we operate.***

Our results of operations are sensitive to changes in overall economic and political conditions that impact consumer spending. The textiles industry, in particular, is very sensitive to broad economic changes, and retail purchases tend to decline during recessionary periods. Substantially all of our net revenues are derived from sales in India & exports sales to our overseas customers. Many factors outside of our control, including interest rates, volatility of the world's stock markets, inflation, tax rates and other government policies, and unemployment rates can affect consumer confidence and spending. The domestic and international political environments, including military conflicts and political turmoil or social instability, may also affect consumer confidence and reduce spending, which could in turn materially and affect our growth and profitability.

**40. *Delays or defaults in client payments could affect our operations.***

We may be subject to working capital risks due to delays or defaults in payment by clients from India and Outside India, which may restrict our ability to procure raw materials and make payments when due. In addition, any delay or failure on our part to supply the required quantity or quality of products, within the time stipulated by our agreements, to our customers may in turn cause delay in payment or refusal of payment by the customer. We typically extend credit terms to our customers. Such defaults/delays by our customers in meeting their payment obligations to us may have a material effect on our business, financial condition and results of operations.

**41. *We have not received consent of our lenders for undertaking the initial public Issue of equity shares.***

As on the date of this Draft Prospectus, we have applied for consent & NOC for the Proposed Issue from our lenders but we are yet to receive consent and NOC from them i.e. The Karur Vyasa Bank Limited. However, our Company intends to obtain the necessary consent & NOC in relation to the proposed Issue from such lender prior to the filing of the Prospectus with the RoC. Undertaking the proposed Issue without obtaining such lender consent & NOC may constitute a default under such loan agreement, which could impact our loan facilities and may have an effect on our financial condition and results of operations.

**42. *Our Company have taken unsecured loans that may be recalled by the lenders at any time.***

Our Company have currently availed unsecured loans which may be called by their lenders at any time. As on December 31, 2016, the unsecured loan amounting ₹ 25.55 Lacs were due to lenders. In the event that lender seeks a repayment of any such loan, our company would need to find alternative sources of financing, which may not be available on commercially reasonable terms, or at all. Also there is no formal agreement with our lender. As a result, any such demand may affect our business, cash flows, financial condition and results of operations. Additionally our company has not executed any formal loan agreement of above unsecured loan, any dispute arises in relation to terms of loans may affect the loans by our company For further details on financing arrangements entered into by our Company, please refer chapter titled "Statement of Financial Indebtedness" beginning on page 183 of Draft Prospectus.

***43. Obsolescence, destruction, theft, breakdowns of our major plants or machineries or failures to repair or maintain the same may affect our business, cash flows, financial condition and results of operations***

Obsolescence, destruction, theft or breakdowns of our major plants or machineries may significantly increase our machineries purchase cost and the depreciation of our plants and machineries, as well as change the way our management estimates the useful life of our plants and machineries. In such cases, we may not be able to acquire new plants or machineries or repair the damaged plants or machineries in time or at all, particularly where our plants or machineries are not readily available from the market or require services from original machinery manufacturers. Some of our major machineries or parts may be costly to replace or repair. We may experience significant price increases due to supply shortages, inflation, transportation difficulties or unavailability. Such obsolescence, destruction, theft, breakdowns, repair or maintenance failures or price increases may not be adequately covered by the insurance policies availed by our Company and may have an effect our business, cash flows, financial condition and results of operations

For further details of our Plant and Machineries, please refer to chapter titled “Our Business” beginning on page 94 of the Draft Prospectus.

***44. Marketing initiatives undertaken by us may turn out to be ineffective.***

We rely on various marketing initiatives relating to overseas marketing and also we have signed a Business & Commission Agent Agreement with our overseas Agents to increase its exports sales. There can be no assurance that such marketing activities which may involve significant expense, will be well received by our customers and consequently such marketing activities may not result in the targeted levels of product sales or demand for our garments and other products. Marketing initiatives is important for sale of our Products. This requires us to enhance our marketing strategies and experiment with new marketing methods to keep pace with industry developments and customer preferences. An inability to refine our marketing strategies or introduce targeted marketing campaigns in a cost-effective manner could reduce our market share, cause our net revenues to decline and negatively impact our profitability.

***45. Conflicts of interest may arise out of common business objects between our Company and Group Companies.***

Conflicts may arise in the ordinary course of decision-making by the Promoters or Board of Directors. Our Promoters have interests in other companies such as Globe Texfeb - LLP and Kunthunath Impex LLP that undertake the same business as our Company. Our Group Companies are authorized to carry out, or engage in business similar to that of our Company. Conflicts of interests may arise in the Promoters’ allocating or addressing business opportunities and strategies among our Company and Group Companies in circumstances where our respective interests diverge. In cases of conflict, there can be no assurance that our Promoters will not favour their own interests over those of our Company. Our Promoters have not signed any non-compete agreement with our Company as of date. Any such present and future conflicts could have an effect on our business, reputation, financial condition and results of operations.

For further details, please refer section titled “Our Promoter and Promoter Group” and Our Group Companies” beginning on Page 131 & 138 of this Draft Prospectus.

***46. Our insurance coverage may not be adequate to protect us against all potential losses to which we may be subject and this may have a material effect on our business and financial condition.***

While we maintain insurance coverage, in amounts which we believe are commercially appropriate, including (i) Standard fire and special perils insurance policies, (ii) Fire Floater Insurance Policy; (iii) Burglary standard policy; and (iv) group personal accident insurance policy, we may not have sufficient insurance coverage to cover all possible economic losses, including when the loss suffered is not easily quantifiable and related to Product Liability Claim. Even if we have made a claim under an existing insurance policy, we may not be able to successfully assert our claim for any liability or loss under such insurance policy. Additionally, there may be various other risks and losses for which we are not insured either because such risks are uninsurable or not insurable on commercially acceptable terms. The occurrence of an event for which we are not adequately or sufficiently insured could have an effect on our business, results of operations, financial condition and cash flows.

In addition, in the future, we may not be able to maintain insurance of the types or at levels which we deem necessary or adequate or at rates which we consider reasonable. The occurrence of an event for which we are not adequately or sufficiently insured or the successful assertion of one or more large claims against us that exceed available insurance coverage, or changes in our insurance

policies (including premium increases or the imposition of large deductible or co-insurance requirements), could have an effect on our business, reputation, results of operations, financial condition and cash flows.

For further details of our Insurance Policies, please refer section titled “Our Business” beginning on Page 94 of this Draft Prospectus.

***47. Our Company’s management will have flexibility in utilizing the Net Proceeds from the Issue. The deployment of the Net Proceeds from the Issue is not subject to any monitoring by any independent agency.***

Our Company intends to primarily use the Net Proceeds towards working capital requirements and for general corporate purposes as described in “Objects of the Issue” on page no. 73 of this Draft Prospectus. In terms of Regulation 16 of the SEBI (ICDR) Regulations, we are not required to appoint a monitoring agency since the Issue size is not in excess of ₹ 500 crores. The management of our Company will have discretion to use the Net Proceeds from the Issue, and investors will be relying on the judgment of our Company’s management regarding the application of the Net Proceeds from the Issue. Our Company may have to revise its management estimates from time to time and consequently its requirements may change. Additionally, various risks and uncertainties, including those set forth in this section “Risk Factors”, may limit or delay our Company’s efforts to use the Net Proceeds from the Issue to achieve profitable growth in its business.

Further, pursuant to Section 27 of the Companies Act 2013, any variation in the objects would require a special resolution of the Shareholders and our Promoters or controlling Shareholders will be required to provide an exit opportunity to the Shareholders of our Company who do not agree to such proposal to vary the objects, in such manner as may be prescribed in future by the SEBI.

Accordingly, prospective investors in the Issue will need to rely upon our management’s judgment with respect to the use of Net Proceeds. If we are unable to enter into arrangements for utilization of Net proceeds as expected and assumed by us in a timely manner or at all, we may not be able to derive the expected benefits from the proceeds of the Issue and our business and financial results may suffer.

***48. We face foreign exchange risks that could affect our results of operations.***

We face foreign exchange rate risk to the extent that certain of our revenues are denominated in a currency other than the Indian Rupee. Due to our foreign currency exposures, exchange rate fluctuations between the Indian Rupee and foreign currencies, especially the U.S. dollar, can have a material impact on our results of operations, cash flows and financial condition. The exchange rate between the Indian Rupee and U.S. dollar has been volatile in recent periods and may continue to fluctuate in the future.

Fluctuations in the exchange rates may affect us to the extent of such orders being placed overseas. Our Company may enter into certain contracts to hedge exchange rate fluctuations which may or may not adequately cover the potential loss that may arise as a result of such foreign exchange transactions. Moreover, these hedges do not cover all such exposures and are in any event subject to their own risks, including counterparty credit risk. Adverse moves in exchange rates that we have not adequately hedged may impact our profitability and financial condition.

***49. We have not independently verified certain data in this Draft Prospectus.***

We have not independently verified data from the Industry and related data contained in this Draft Prospectus and although we believe the sources mentioned in the report to be reliable, we cannot assure you that they are complete or reliable. Such data may also be produced on a different basis from comparable information compiled with regards to other countries. Therefore, discussions of matters relating to India, its economy or the industries in which we operate that is included herein are subject to the caveat that the statistical and other data upon which such discussions are based have not been verified by us and may be incomplete, inaccurate or unreliable. Due to incorrect or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, we cannot assure you that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

***50. The part of the Issue proceeds will not be available to us.***

As of the date of this Draft Prospectus, Our Promoter and Director Mr. Bhavik Suryakant Parikh and Our Director Mr. Nilaybhai Jagdishbhai Vora has given their authorization letter dated March 22, 2017 for sale of 7,18,000 and 6,02,000 Shares respectively.

Given that the Offer comprises of the Offer for Sale by Mr. Bhavik Suryakant Parikh and Mr. Nilaybhai Jagdishbhai Vora, the proceeds from the Offer will be remitted to the Selling Shareholder, and our Company will not benefit from such proceeds.

**51. We have in the last 12 months issued Equity Shares at a price that may be at lower than the Issue Price.**

In the last 12 months we may have issued fresh Equity Shares to the promoters and other shareholders of our Company which are as follows:-

- Bonus issue in the ratio of 2:1 dated March 27, 2017 issuing 58,05,400 Equity shares face value ₹10/- per Equity Share for consideration other than cash.

The Equity Shares allotted to investors pursuant to this Issue will may priced significantly higher due to various reasons including better performance by the Company, better economic conditions and passage of time.

For Further details of equity shares issued, please refer to the chapter titled “Capital Structure” beginning on page 58 of the Draft Prospectus.

**52. Our ability to pay dividends in the future will depend upon our future earnings, financial condition, cash flows, working capital requirements, capital expenditure and restrictive covenants in our financing arrangements.**

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition, cash requirements, business prospects and any other financing arrangements. Additionally, under some of our loan agreements, we are not permitted to declare any dividends, if there is a default under such loan agreements or unless our Company has paid all the dues to the lender up to the date on which the dividend is declared or paid or has made satisfactory provisions thereof. Accordingly, realization of a gain on shareholders investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details of our dividend history, see “Dividend Policy” on page 145 of this Draft Prospectus.

**53. The Issue Price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Issue and the market price of our Equity Shares may decline below the Issue Price and you may not be able to sell your Equity Shares at or above the Issue Price.**

The Issue Price of our Equity Shares has been determined on the basis of the Fixed Price Process. This price is based on numerous factors. For further information, see “Basis for Issue Price” beginning on page 80 of this Draft Prospectus and may not be indicative of the market price of our Equity Shares after the Issue. The market price of our Equity Shares could be subject to significant fluctuations after the Issue, and may decline below the Issue Price. We cannot assure you that you will be able to sell your Equity Shares at or above the Issue Price. Among the factors that could affect our share price are:

- Quarterly variations in the rate of growth of our financial indicators, such as earnings per share, net income and revenues;
- Changes in revenue or earnings estimates or publication of research reports by analysts;
- Speculation in the press or investment community;
- Domestic and international economic, legal and regulatory factors unrelated to our performance.

**54. We may require further equity issuance, which will lead to dilution of equity and may affect the market price of our Equity Shares or additional funds through incurring debt to satisfy our capital needs, which we may not be able to procure and any future equity offerings by us.**

Our growth is dependent on having a strong balance sheet to support our activities. In addition to the IPO Proceeds and our internally generated cash flow, we may need other sources of financing to meet our capital needs which may include entering into new debt facilities with lending institutions or raising additional equity in the capital markets. We may need to raise additional capital from time to time, dependent on business conditions. The factors that would require us to raise additional capital could be business growth beyond what the current balance sheet can sustain; additional capital requirements imposed due to changes in regulatory regime or significant depletion in our existing capital base due to unusual operating losses. Any fresh issue of shares or convertible securities would dilute existing holders, and such issuance may not be done at terms and conditions, which are favourable to the then existing

shareholders of our Company. If our Company decides to raise additional funds through the incurrence of debt, our interest obligations will increase, and we may be subject to additional covenants, which could further limit our ability to access cash flows from our operations. Such financings could cause our debt to equity ratio to increase or require us to create charges or liens on our assets in favour of lenders. We cannot assure you that we will be able to secure adequate financing in the future on acceptable terms, in time, or at all. Our failure to obtain sufficient financing could result in the delay or abandonment of our expansion plans. Our business and future results of operations may be affected if we are unable to implement our expansion strategy.

Any future issuance of Equity Shares by our Company may dilute shareholding of investors in our Company; and hence affect the trading price of our Company's Equity Shares and its ability to raise capital through an issue of its securities. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of our Company's Equity Shares. Additionally the disposal, pledge or encumbrance of Equity Shares by any of our Company's major shareholders, or the perception that such transactions may occur may affect the trading price of the Equity Shares. No assurance may be given that our Company will not issue Equity Shares or that such shareholders will not dispose of, pledge or encumber their Equity Shares in the future.

***55. There is no existing market for our Equity Shares, and we do not know if one will develop. The price of our Equity Shares may be volatile, and you may be unable to resell your Equity Shares at or above the Issue Price, or at all.***

Prior to the Issue, there has been no public market for our Equity Shares, and an active trading market on the Indian Stock Exchanges may not develop or be sustained after the Issue. The Issue Price of the Equity Shares may bear no relationship to the market price of the Equity Shares after the Issue. The market price of the Equity Shares after the Issue may be subject to significant fluctuations in response to, among other factors, variations in our operating results, market conditions and environment towards developments relating to India and volatility in the stock exchange and securities markets elsewhere in the world. Additionally, once listed, we will be subject to a daily "circuit breaker" imposed by stock exchanges in India, which does not allow transactions beyond specified increases or decreases in the price of the Equity Shares. As a result of this circuit breaker, no assurance may be given regarding your ability to sell your Equity Shares or the price at which you may be able to sell your Equity Shares at any particular time

***56. You may be subject to Indian taxes arising out of capital gains on the sale of our Equity Shares.***

Capital gains arising from the sale of our Equity Shares are generally taxable in India. Any gain realised on the sale of our Equity Shares on a stock exchange held for more than 12 months will not be subject to capital gains tax in India if the securities transaction tax has been paid on the transaction. The securities transaction tax will be levied on and collected by an Indian stock exchange on which our Equity Shares are sold. Any gain realised on the sale of our Equity Shares held for more than 12 months to an Indian resident, which are sold other than on a recognised stock exchange and as a result of which no securities transaction tax has been paid, will be subject to capital gains tax in India. Further, any gain realised on the sale of our Equity Shares held for a period of 12 months or less will be subject to capital gains tax in India.

Capital gains arising from the sale of equity shares will be exempt from taxation in India in cases where an exemption is provided under a treaty between India and the country of which the seller is a resident. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdictions on gains arising from a sale of equity shares.

***57. A third party could be prevented from acquiring control of our Company because of anti-takeover provisions under Indian law.***

There are provisions in Indian law that may delay, deter or prevent a future takeover or change in control of our Company, even if a change in control would result in the purchase of your Equity Shares at a premium to the market price or would otherwise be beneficial to you. Such provisions may discourage or prevent certain types of transactions involving actual or threatened change in control of us. Under the takeover regulations in India, an acquirer has been defined as any person who, directly or indirectly, acquires or agrees to acquire shares or voting rights or control over a company, whether individually or acting in concert with others. Although these provisions have been formulated to ensure that interests of investors/shareholders are protected, these provisions may also discourage a third party from attempting to take control of our Company. Consequently, even if a potential takeover of our Company would result in the purchase of the Equity Shares at a premium to their market price or would otherwise be beneficial to its stakeholders, it is possible that such a takeover would not be attempted or consummated because of the Indian takeover regulations.

**58. *Rights of shareholders under Indian law may be more limited than under the laws of other jurisdictions***

The articles of association, resolutions of the board of directors, and Indian law govern the corporate affairs of companies operating in India. Legal principles relating to these matters and the validity of corporate procedures, directors' fiduciary duties and liabilities, and shareholders' rights may differ from those that would apply to a company incorporated in another jurisdiction. Shareholders' rights under Indian law may not be as extensive as shareholders' rights under the laws of other countries or jurisdictions. Investors may have more difficulty in asserting their rights as our Company's shareholders than as shareholders of corporations in another jurisdiction.

**59. *The average cost of acquisition of Equity Shares by our Promoters could be lower than the Issue Price.***

Our Promoters average cost of acquisition of Equity Shares in our Company may be lower than the Issue Price as may be decided by the Company and the Selling Shareholders, in consultation with the Lead Managers. For further details regarding average cost of acquisition of Equity Shares by our Promoters in our Company and build-up of Equity Shares by our Promoters in our Company, please refer to the chapters "Risk Factors - Prominent Notes" and "Capital Structure" beginning on pages 15 and 58 respectively of this Draft Prospectus.

## **EXTERNAL RISK FACTORS**

**60. *Changing laws, rules and regulations and legal uncertainties, including application of tax laws and regulations, may affect our business and financial performance.***

Our business and financial performance could be affected by changes in law, or interpretations of existing laws, rules and regulations, or the promulgation of new laws, rules and regulations in India, applicable to us and our business.

The governmental and regulatory bodies in India and other jurisdictions where we operate may notify new regulations and/or policies, which may require us to obtain approvals and licenses from the government and other regulatory bodies, or impose onerous requirements and conditions on our operations, in addition to those which we are undertaking currently. Any such changes and the related uncertainties with respect to the implementation of new regulations may have a material effect on our business, financial condition and results of operations.

The application of various Indian and international sales, value-added and other tax laws, rules and regulations to our services, currently or in the future, may be subject to interpretation by applicable authorities, and if amended/ notified, could result in an increase in our tax payments (prospectively or retrospectively) and/or subject us to penalties, which could affect our business operations. Further, we have not completed any income tax assessments for the previous years and we run the risk of the Income Tax Department assessing our tax liability that may be materially different from the provision that we carry in our books for the past periods. The Government of India has proposed a comprehensive national goods and services tax, or GST, regime that will combine taxes and levies by the central and state governments into a unified rate structure. While the Government of India and other state governments have announced that all committed incentives will be protected following the implementation of the GST, given the limited availability of information in the public domain concerning the GST, we are unable to provide any assurance as to this or any other aspect of the tax regime following implementation of the GST. The implementation of this rationalized tax structure may be affected by any disagreement between certain state governments, which could create uncertainty. Any such future increases or amendments may affect the overall tax efficiency of companies operating in India and may result in significant additional taxes becoming payable.

**61. *Our operations currently benefit from the Technology Up gradation Fund Scheme ("TUFs"). In the event we are unable to continue to benefit from TUFs, our financial condition and results of operations may be affected.***

The Ministry of Textiles, GoI, launched the TUFs for the textile, jute and cotton ginning and pressing industries for a five year period from April 1, 1999 to March 31, 2004, which was later extended for the duration of the twelfth five year plan (financial year 2012 to 2017). TUFs aims at providing capital for modernisation of Indian textile industry, by leveraging investments in technology upgradation in the textiles and jute industry. The TUFs provides for interest reimbursement of 5% on the interest charged by a lending agency for financing of a project of technology upgradation in conformity with the TUFs. However for spinning machinery the coverage provided is 4% for new stand alone/replacement/modernisation of spinning machinery; and 5% for spinning units with matching capacity in weaving/ knitting/processing/garmenting. TUFs also provides for 6% interest reimbursement and 15% capital subsidy for specified processing machinery, garmenting machinery and machinery required in manufacture of technical textiles.

Our profitability may be affected in the future if any of the above mentioned benefits are reduced or withdrawn or if we are subject to any disagreements from nodal agencies appointed under TUFS, with respect to our eligibility under TUFS. There is no assurance that the TUFS will be extended beyond the current period of availability or whether we will continue to enjoy such benefits in the future. In the event we are unable to continue to benefit from TUFS, our results of operations may be affected. For further information relating to the TUFS, see “Regulations and Policies” and for information relating to the loans availed under the TUFS, see “Statement of Financial Indebtedness” on pages 103 and 183, respectively of this Draft Prospectus.

**62. *Indian garments exporters face significant competition in our principal markets***

We, as do all Indian garments exporters, face significant competition in our principal markets. Some of our competitors have significantly greater production and marketing resources than those available to us. Prior to January 1, 2005, export sales made to various countries (including the U.S. and the European Union) were subject to quantitative restrictions (‘quotas’) imposed on imports from a number of countries, including India. All textiles and clothing products now trade internationally without quota restrictions. Resultant competition from our competitors, including low cost manufacturers from countries such as Vietnam, Pakistan and Bangladesh, is likely to drive prices for our products lower. Our market position will also depend on effective marketing initiatives and our ability to anticipate and respond to various competitive factors affecting the industry, including new products and designs, competitors’ pricing strategies and changes in consumer preferences and in general economic, political and social conditions in the countries in which we do business. Any failure by us to compete effectively, including in terms of the pricing of our garments, could have a material effect on our business, financial condition and results of operations.

**63. *We may be affected by competition law in India and any application or interpretation of the Competition Act could in turn affect our business.***

The Competition Act was enacted for the purpose of preventing practices that have or are likely to have an effect on competition in India and has mandated the CCI to separate such practices. Under the Competition Act, any arrangement, understanding or action, whether formal or informal, which causes or is likely to cause an appreciable effect on competition is void and attracts substantial penalties.

Further, any agreement among competitors which, directly or indirectly, involves determination of purchase or sale prices, limits or controls production, or shares the market by way of geographical area or number of subscribers in the relevant market is presumed to have an appreciable effect in the relevant market in India and shall be void. The Competition Act also prohibits abuse of a dominant position by any enterprise. On March 4, 2011, the Central Government notified and brought into force the combination regulation (merger control) provisions under the Competition Act with effect from June 1, 2011. These provisions require acquisitions of shares, voting rights, assets or control or mergers or amalgamations that cross the prescribed asset and turnover based thresholds to be mandatorily notified to, and pre-approved by, the CCI. Additionally, on May 11, 2011, the CCI issued the Competition Commission of India (Procedure for Transaction of Business Relating to Combinations) Regulations, 2011, as amended, which sets out the mechanism for implementation of the merger control regime in India.

The Competition Act aims to, among other things, prohibit all agreements and transactions which may have an appreciable effect in India. Consequently, all agreements entered into by us could be within the purview of the Competition Act. Further, the CCI has extra-territorial powers and can investigate any agreements, abusive conduct or combination occurring outside of India if such agreement, conduct or combination has an appreciable effect in India. However, the impact of the provisions of the Competition Act on the agreements entered into by us cannot be predicted with certainty at this stage. We are not currently party to any outstanding proceedings, nor have we received notice in relation to non-compliance with the Competition Act or the agreements entered into by us. However, if we are affected, directly or indirectly, by the application or interpretation of any provision of the Competition Act, or any enforcement proceedings initiated by the CCI, or any publicity that may be generated due to scrutiny or prosecution by the CCI or if any prohibition or substantial penalties are levied under the Competition Act, it would affect our business, financial condition, results of operations and prospects.

**64. *Significant differences exist between Indian GAAP and other accounting principles, such as US GAAP and IFRS, which may be material to investors’ assessments of our Company’s financial condition. Our failure to successfully adopt IFRS may have an effect on the price of our Equity Shares. The proposed adoption of IFRS could result in our financial condition and results of operations appearing materially different than under Indian GAAP.***

Our financial statements, including the financial statements provided in this Draft Prospectus, are prepared in accordance with Indian GAAP. We have not attempted to quantify the impact of IFRS or U.S. GAAP on the financial data included in this Draft Prospectus, nor do we provide a reconciliation of our financial statements to those of U.S. GAAP or IFRS. U.S. GAAP and IFRS differ in significant respects from Indian GAAP. For details, see “Presentation of Financial, Industry and Market Data” on page no. 12 of this Draft Prospectus. Accordingly, the degree to which the Indian GAAP financial statements included in this Draft Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting practices. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Draft Prospectus should accordingly be limited.

India has decided to adopt the “Convergence of its existing standards with IFRS” and not the “International Financial Reporting Standards” (“IFRS”), which was announced by the MCA, through the press note dated January 22, 2010. These “IFRS based / synchronized Accounting Standards” are referred to in India as IND (AS).

Public companies in India, including our Company, may be required to prepare annual and interim financial statements under IND (AS). The MCA, through a press release dated February 25, 2011, announced that it will implement the converged accounting standards in a phased manner after various issues, including tax related issues, are resolved. Further, the Finance Minister, during the Budget speech, 2014, proposed the adoption of IND (AS) by Indian companies from fiscal 2016 on a voluntary basis, and from fiscal 2017 on a mandatory basis. Accordingly, it is not possible to quantify whether our financial results will vary significantly due to the convergence to IND (AS), given that the accounting principles laid down in the IND (AS) are to be applied to transactions and balances carried in books of accounts as on the date of the applicability of the converged standards (i.e., IND (AS)) and for future periods.

Further, we have made no attempt to quantify or identify the impact of the differences between Indian GAAP and IFRS or to quantify the impact of the difference between Indian GAAP and IFRS as applied to its financial statements. There can be no assurance that the adoption of IND-AS will not affect our reported results of operations or financial condition. Any failure to successfully adopt IND-AS may have an effect on the trading price of our Equity Shares.

Moreover, our transition to IFRS reporting may be hampered by increasing competition and increased costs for the relatively small number of IFRS-experienced accounting personnel available as more Indian companies begin to prepare IFRS financial statements. Any of these factors relating to the use of IFRS-converged Indian Accounting Standards may affect our financial condition.

***65. The recent currency demonetization measures imposed by the Government of India may affect the India Economy and our business.***

Through notifications dated November 8, 2016 issued by the Ministry of Finance, GoI and the RBI ₹ 500 and ₹ 1,000 denominations of bank notes of then existing series issued by the RBI have ceased to be legal tender. Pursuant to this currency demonetisation, these high denomination notes have no value and cannot be used for transactions or exchange purposes with effect from November 9, 2016. These notes are currently being replaced with a new series of bank notes. In an effort to monitor replacement of demonetised notes, the GoI has specified restrictive limits for exchange and withdrawal of currency all over India. The process of demonetisation and replacement of these high denomination notes is likely to reduce the liquidity in the Indian economy which has significant reliance on cash. These factors may result in reduction of purchasing power, and alteration in consumption patterns of the economy in general. While the comprehensive and long-term impact of this currency demonetisation measure cannot be ascertained at the moment, it is possible that there will be a slowdown in the economic activities in India as expressed by various experts, at least in the short term, given the demonetization impacts a majority quantity of the cash currency in circulation. Such a slowdown can affect the Indian economy, impacting the consumer sector, in turn affecting the operations of our company, which can affect their financials and profitability.

***66. Our business is dependent on the Indian economy.***

The performance and growth of our business are necessarily dependent on economic conditions prevalent in India, which may be materially and adversely affected by center or state political instability or regional conflicts, a general rise in interest rates, inflation, and economic slowdown elsewhere in the world or otherwise.

There have been periods of slowdown in the economic growth of India. India's economic growth is affected by various factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports (oil and oil products), global economic uncertainty and liquidity crisis, volatility in exchange currency rates and annual rainfall which

affects agricultural production. Any continued or future slowdown in the Indian economy or a further increase in inflation could have a material adverse effect on the price of our raw materials and demand for our products and, as a result, on our business and financial results.

The Indian financial market and the Indian economy are influenced by economic and market conditions in other countries, particularly in emerging market in Asian countries. Financial turmoil in Asia, Europe, the U.S. and elsewhere in the world in recent years has affected the Indian economy. Although economic conditions are different in each country, investors' reactions to developments in one country can have adverse effects on the securities of companies in other countries, including India. A loss in investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any worldwide financial instability, including the financial crisis and fluctuations in the stock markets in China and further deterioration of credit conditions in the U.S. or European markets, could also have a negative impact on the Indian economy. Financial disruptions may occur again and could harm our business and financial results.

***67. Financial instability in Indian financial markets could adversely affect our results of operations and financial condition.***

The Indian financial market and the Indian economy are influenced by economic and market conditions in other countries, particularly in Asian emerging market countries. Financial turmoil in global economy in recent years has affected the Indian economy. Although economic conditions are different in each country, investors' reactions to developments in one country can have adverse effects on the securities of companies in other countries, including India. A loss in investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any worldwide financial instability could also have a negative impact on the Indian economy. Financial disruptions may occur again and could harm our results of operations and financial condition.

***68. Our performance is linked to the stability of policies and the political situation in India.***

The Government of India has traditionally exercised, and continues to exercise, a significant influence over many aspects of the economy. Our business, and the market price and liquidity of our Equity Shares, may be affected by interest rates, changes in government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. Since 1991, successive Indian governments have pursued policies of economic liberalization and financial sector reforms. The current Government has announced its general intention to continue India's current economic and financial sector liberalization and deregulation policies. However there can be no assurance that such policies will be continued and a significant change in the government's policies in the future could affect business and economic conditions in India and could also adversely affect our business, prospects, financial condition and results of operations.

Any political instability in India may adversely affect the Indian securities markets in general, which could also adversely affect the trading price of our Equity Shares. Any political instability could delay the reform of the Indian economy and could have a material adverse effect on the market for our Equity Shares. There can be no assurance to the investors that these liberalization policies will continue under the newly elected government. Protests against privatization could slow down the pace of liberalization and deregulation. The rate of economic liberalization could change, and specific laws and policies affecting companies in the industrial equipment manufacturing sectors, foreign investment, currency exchange rates and other matters affecting investment in our securities could change as well. A significant change in India's economic liberalization and deregulation policies could disrupt business and economic conditions in India and thereby affect our business.

***69. Civil disturbances, regional conflicts and other acts of violence in India and abroad may disrupt or otherwise adversely affect the Indian economy.***

Certain events that are beyond the control of our Company, such as violence or war, including those involving India, the United Kingdom, the United States or other countries, may adversely affect worldwide financial markets and could potentially lead to a severe economic recession, which could adversely affect our business, results of operations, financial condition and cash flows, and more generally, any of these events could lower confidence in India's economy. Southern Asia has, from time to time, experienced instances of civil unrest and political tensions and hostilities among neighbouring countries. Political tensions could create a perception that there is a risk of disruption of services provided by India-based companies, which could have an adverse effect on our business, future financial performance and price of the Equity Shares. Furthermore, if India were to become engaged in armed hostilities, particularly hostilities that are protracted or involve the threat or use of nuclear weapons, the Indian economy and consequently Company's operations might be significantly affected. India has from time to time experienced social and civil unrest and hostilities, including riots, regional conflicts and other acts of violence. Events of this nature in the future could have an adverse

effect on our ability to develop our business. As a result, our business, results of operations and financial condition may be adversely affected.

## **SECTION III – INTRODUCTION**

### **SUMMARY OF OUR INDUSTRY**

#### **Global economic outlook**

Stalling global trade, weak investment, and heightened policy uncertainty have depressed world economic activity. Global growth is estimated to have fallen to 2.3 percent in 2016— the weakest performance since the global financial crisis and 0.1 percentage point below June 2016 Global Economic Prospects forecasts. Global growth is expected to rise to 2.7 percent in 2017, mainly reflecting a recovery in emerging market and developing economies (EMDEs).

Advanced economies continue to struggle with subdued growth and low inflation in a context of increased uncertainty about policy direction, tepid investment, and sluggish productivity growth. Activity decelerated in the United States and, to a lesser degree, in some other major economies. As a result, advanced-economy growth is now estimated to have slowed to 1.6 percent in 2016, a downward revision of 0.1 percentage point. Advanced-economy growth is expected to recover somewhat, to an average pace of 1.8 percent throughout the forecast period. In the United States, manufacturing activity is expected to rebound, contributing to a modest pickup in growth from 1.6 percent in 2016 to an average of 2.2 percent in 2017-18. This forecast does not incorporate the effects of policy proposals by the new U.S. administration, as their scope and ultimate form are still uncertain. Fiscal stimulus, if implemented, could result in stronger growth outcomes than currently predicted. In the Euro Area and Japan, supportive monetary policies will help stimulate activity throughout the forecast period. Inflation is expected to rise gradually, but it will remain below central banks' target in the Euro Area and Japan throughout the forecast horizon. Anemic growth in advanced economies was accompanied by a further weakening of global trade in 2016. Mitigating these headwinds, commodity prices have stabilized and are projected to increase moderately during 2017-19, providing support for commodity-exporting EMDEs. The rise in U.S. yields since early November has led to a notable tightening of financing conditions for EMDEs, in some cases resulting in significant currency depreciation and portfolio outflows. Despite this tightening, financing conditions still remain generally benign, as major central banks maintain accommodative monetary policies.

#### **Major economies: Recent developments and outlook**

Advanced economies continue to be afflicted by weak growth and low inflation, amid rising uncertainty about future policy direction. After slowing to 1.6 percent in 2016, growth is projected to recover somewhat in 2017-19, although the range of possible outcomes has significantly widened after the elections in the United States and the United Kingdom's decision to leave the European Union. In China, projections are unchanged, despite resurfacing concerns about buoyant property markets, as growth slows gradually toward more sustainable levels, with a rebalancing from manufacturing to services.

Across major advanced economies, the deceleration in growth in 2016 to 1.6 percent reflected renewed policy uncertainties, weak external demand, and subdued productivity growth (Figure 1.3). Activity is expected to regain modest momentum in 2017-19, but uncertainty associated with policies of the new administration in the United States and with the United Kingdom's decision to leave the European Union (Brexit) could significantly influence the growth trajectory of advanced economies. Growth projections for 2017 and 2018 have been revised down for the Euro Area and, especially, for the United Kingdom. For the United States, baseline forecasts for 2017 and 2018 are unchanged from June projections, in the absence of specific details about policy changes to be implemented by the new administration. Whereas constraints to monetary policy have intensified, fiscal policy is likely to play a greater role in the coming years. Weak productivity growth and rising demographic pressures, which weigh on labor supply and could contribute to a lower rate of return on capital, continue to constrain long-term prospects.

#### **Indian Economy Overview**

The Economic Survey of 2014-15 spoke about the sweet spot for the Indian economy that could launch India onto a trajectory of sustained growth of 8-10 percent. Last year's Survey assessed that "for now, but not indefinitely, that sweet spot is still beckoningly there." This year's stocktaking suggests that shifts in the underlying vision will be needed to overcome the major challenges ahead, thereby accelerating growth, expanding employment opportunities, and achieving social justice (Chapter 2 in this Survey). In the aftermath of demonetisation, and because cyclical developments will make economic management harder, articulating and embracing those shifts will be critical to ensuring that that sweet spot is enduring not evanescent. This year has been marked by several historic economic policy developments. On the domestic side, a constitutional amendment paved the way for the long-awaited and transformational goods and services tax (GST) while demonetisation of the large currency notes signaled a regime shift to punitively

raise the costs of illicit activities. On the international front, Brexit and the US elections may herald a tectonic shift, forebodingly laden with darker possibilities for the global, and even the Indian, economy.

Start first with demonetisation. A radical governance-cum-social engineering measure was enacted on November 8, 2016. The two largest denomination notes, Rs 500 and Rs 1000—together comprising 86 percent of all the cash in circulation—were “demonetised” with immediate effect, ceasing to be legal tender except for a few specified purposes.<sup>1</sup> These notes were to be deposited in the banks by December 30, while restrictions were placed on cash withdrawals. In other words, restrictions were placed on the convertibility of domestic money and bank deposits. The aim of the action was fourfold: to curb corruption, counterfeiting, the use of high denomination notes for terrorist activities, and especially the accumulation of “black money”, generated by income that has not been declared to the tax authorities. The action followed a series of earlier efforts to curb such illicit activities, including the creation of the Special Investigation Team (SIT) in the 2014 budget, the Black Money Act, 2015; the Benami Transactions Act of 2016; the information exchange agreement with Switzerland, changes in the tax treaties with Mauritius and Cyprus, and the Income Disclosure Scheme.

Demonetisation was aimed at signaling a regime change, emphasizing the government’s determination to penalize illicit activities and the associated wealth. In effect, the tax on illicit activities as well as on legal activities that were not disclosed to the tax authorities was sought to be permanently and punitively increased. The public debate on demonetisation has raised three questions. First, broader aspects of management, as reflected in the design and implementation of the initiative. Second, its economic impact in the short and long run. And, third, its implications for the broader vision underlying the future conduct of economic policy. This Survey is not the forum to discuss the first question.

### **Outlook for 2017-18**

Turning to the outlook for 2017-18, we need to examine each of the components of aggregate demand: exports, consumption, private investment and government. As discussed earlier, India’s exports appear to be recovering, based on an uptick in global economic activity. This is expected to continue in the aftermath of the US elections and expectations of a fiscal stimulus. The IMF’s January update of its World Economic Outlook forecast is projecting an increase in global growth from 3.1 percent in 2016 to 3.4 percent in 2017, with a corresponding increase in growth for advanced economies from 1.6 percent to 1.9 percent. Given the high elasticity of Indian real export growth to global GDP, exports could contribute to higher growth next year, by as much as 1 percentage point.

The outlook for private consumption is less clear. International oil prices are expected to be about 10-15 percent higher in 2017 compared to 2016, which would create a drag of about 0.5 percentage points. On the other hand, consumption is expected to receive a boost from two sources: catch-up after the demonetisation-induced reduction in the last two quarters of 2016-17; and cheaper borrowing costs, which are likely to be lower in 2017 than 2016 by as much as 75 to 100 basis points. As a result, spending on housing and consumer durables and semidurables could rise smartly. It is too early to predict prospects for the monsoon in 2017 and hence agricultural production. But the higher is agricultural growth this year, the less likely that there would be an extra boost to GDP growth next year.

Since no clear progress is yet visible in tackling the twin balance sheet problem, private investment is unlikely to recover significantly from the levels of FY2017. Some of this weakness could be offset through higher public investment, but that would depend on the stance of fiscal policy next year, which has to balance the short-term requirements of an economy recovering from demonetisation against the medium-term necessity of adhering to fiscal discipline—and the need to be seen as doing so.

Putting these factors together, we expect real GDP growth to be in the 6¾ to 7½ percent range in FY2018. Even under this forecast, India would remain the fastest growing major economy in the world. There are three main downside risks to the forecast. First, the extent to which the effects of demonetisation could linger into next year, especially if uncertainty remains on the policy response. Currency shortages also affect supplies of certain agricultural products, especially milk (where procurement has been low), sugar (where cane availability and drought in the southern states will restrict production), and potatoes and onions (where sowings have been low). Vigilance is essential to prevent other agricultural products becoming in 2017-18 what pulses was in 2015-16.

Second, geopolitics could take oil prices up further than forecast. The ability of shale oil production to respond quickly should contain the risks of a sharp increase, but even if prices rose merely to \$60-65/barrel the Indian economy would nonetheless be affected by way of reduced consumption; less room for public investment; and lower corporate margins, further denting private investment. The scope for monetary easing might also narrow, if higher oil prices stoked inflationary pressure. Third, there are risks from the possible eruption of trade tensions amongst the major countries, triggered by geo-politics or currency movements. This could reduce global growth and trigger capital flight from emerging markets. The one significant upside possibility is a strong

rebound in global demand and hence in India's exports. There are some nascent signs of that in the last two quarters. A strong export recovery would have broader spillover effects to investment.

### **Textiles Industry**

India's textiles sector is one of the oldest industries in Indian economy dating back several centuries. Even today, textiles sector is one of the largest contributors to India's exports with approximately 11 per cent of total exports. The textiles industry is also labour intensive and is one of the largest employers. The textile industry has two broad segments. First, the unorganised sector consists of handloom, handicrafts and sericulture, which are operated on a small scale and through traditional tools and methods. The second is the organised sector consisting of spinning, apparel and garments segment which apply modern machinery and techniques such as economies of scale. The textile industry employs about 40 million workers and 60 million indirectly. India's overall textile exports during FY 2015-16 stood at US\$ 40 billion.

### **COMPETITIVE STRENGTHS**

Our principal competitive strengths are:

*We have a key customer base with reputed international Customers*

Our long-standing relationship with our major customers has been one of the most significant factors contributing to our growth. Our commitments to quality and customer service practices have been strong contributing factors to our robust customer relations. Over the years, we have steadily developed a robust base of international customers for our products in south-east Asian and gulf countries. Even though we do not have any long-term supply agreements with them, we have continually received repeat business from many of our international customers. This indicates their level of confidence in our ability to understand latest trends and ensure timely delivery of quality products.

### ***Management and Key managerial Expertise***

Our Directors and Key managerial persons are engaged in the Textiles business, have a proven background and rich experience of more than 20 years in the Textile industry. Also, our Company is managed by a team of experienced personnel. The team comprises of personnel having operational and business development experience. We believe that our management team's experience and their understanding of the textile industry will enable us to continue to take advantage of both current and future market opportunities. It is also expected to help us in addressing and mitigating various risks inherent in our business, including significant competition, the global economic crisis and fluctuations in fuel prices.

### ***Cost effective production and timely fulfillment of orders***

Our Company has taken various steps in order to ensure adherence to timely fulfillment and also to achieve greater cost efficiency as timely fulfillment of the orders is a prerequisite in our industry. These steps include identifying quality yarn, smooth labour relations, use of an efficient production system and ability to meet large and varied orders due to our capacity and linkages with raw material suppliers. Our Company also has enjoyed good relations with our suppliers and as a consequence have the benefit of timely supplies of the raw materials which has been one of the major reasons why we have been able to achieve timely fulfillment of orders of our customers. Our Company constantly endeavors to implement an efficient procurement policy for inputs required for production so as to ensure cost efficiency in procurement which in turn results in cost effective production.

### ***Scalable Business Model***

Our business model is order driven and focus on maximum capacity utilization, developing linkages with quality raw material suppliers and achieving consequent economies of scale. We believe that this business model has proved successful and scalable for us in the last few financial years. We can scale upward as per the requirement generated by our Company. The business scale generation is basically due to the development of new markets both international and domestic, by adopting aggressive marketing of the product, innovation in the product range and by maintaining the consistent quality of the product.

## **OUR STRATEGIES**

The primary elements of our growth strategies are set forth below.

### ***Expand our product portfolio to cater to consumer preferences***

We aim to leverage our existing suite of products, knowhow and manufacturing capabilities to produce niche and higher-margin products. We believe that, given our manufacturing capacity and expertise, we would be able to produce and sell such fabrics at competitive prices compared to the international export markets. In the long run, we may also intend to enter into new product lines and target new consumer segments. We believe that such initiatives will optimally diversify our business and products portfolio and enable access to new markets.

### ***Creativity***

Our Company has always been driven by the quest to develop something new and constantly strives to develop better products which appeal to our constantly growing customer base. Also our company provides mix and match to attract our customers and dealers. Our Company's forte lies in its ability to translate its vision into realities using, technology and personnel who successfully supervise each new venture undertaken.

### ***Expand our distribution network and export sales***

Our historically developed distribution in domestic and international market has been critical to our growth. We intend to continue developing and nurturing existing market, and create new distribution channels in under and non-penetrated geographies. We aim to further develop our domestic sales networks in those territories where there are lower transportation costs and those which have a significant demand of our products, where we can sell at price-points that can effectively offset higher transportation costs. Such expansion plans are intended to be effected by in-house examination of the market potential of various territories and our available distribution network in such geographies. For our international export business, we intend to upscale our export operations to sell higher volumes of our products.

***Invest in infrastructure and technology***

Our Company believes in making investments for continuously achieving higher levels of excellence in its products and implement dynamic and diverse specifications of our customers. We have invested significantly in equipping our manufacturing facilities with the latest and specialized infrastructure and modern technology. We want to continue to work towards the upgradation and modernization of our infrastructure and technology.

If our Company and/or the Selling Shareholders withdraw the Issue after the Issue Closing Date and subsequently decides to proceed with an Issue of the Equity Shares, our Company will have to file a fresh Draft Prospectus with the stock exchange where the Equity Shares may be proposed to be listed.

Notwithstanding the foregoing, the Issue is subject to obtaining (i) the final listing and trading approvals of the Stock Exchange with respect to the Equity Shares issued through the Draft Prospectus, which our Company will apply for only after Allotment; and (ii) the final RoC approval of the Prospectus.

## **UNDERWRITING**

The Company and the Lead Manager to the issue hereby confirm that the issue is 100% Underwritten by [●] in the capacity of Underwriter to the issue.

Pursuant to the terms of the Underwriting Agreement dated [●], entered into by Company, the selling shareholders and Underwriter-[●], the obligations of the Underwriter are subject to certain conditions specified therein. The Details of the Underwriting commitments are as under:

Details of the Underwriter	No. of shares underwritten	Amount Underwritten ( in Lakh)	% of Total Issue Size Underwritten
[●]	26,88,000* Equity Shares of ₹ 10/- being Issued at ₹ [●] each	[●]	100%

\*Includes 1,44,000 Equity Shares of the Market Maker Reservation Portion which are to be subscribed by the Market Maker [●] in its OWN account in order to claim compliance with the requirements of Regulation 106 V (4) of the SEBI (ICDR) Regulations, 2009, as amended.

As per Regulation 106P (2) of SEBI (ICDR) Regulations, the Lead Manager has agreed to underwrite to a minimum extent of Issue out of its own account.

In the opinion of the Board of Directors of our Company, the resources of the above mentioned Underwriter are sufficient to enable them to discharge their respective obligations in full.

#### DETAILS OF THE MARKET MAKING ARRANGEMENT FOR THIS ISSUE

Our Company and the Lead Manager has entered into Market Making Agreement dated [●] with the following Market Maker, to fulfill the obligations of Market Making for this Issue:

<b>Name</b>	[●]
<b>Correspondence Address:</b>	[●]
<b>Tel No.:</b>	[●]
<b>Fax No.</b>	[●]
<b>E-mail:</b>	[●]
<b>Website:</b>	[●]
<b>Contact Person:</b>	[●]
<b>SEBI Registration No.:</b>	[●]
<b>Market Maker Registration No.</b>	[●]

The Market Maker shall fulfill the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, and its amendments from time to time and the circulars issued by the NSE and SEBI regarding this matter from time to time.

Following is a summary of the key details pertaining to the Market Making arrangement:

- 1) The Market Maker(s) (individually or jointly) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being issued by the Market Maker(s).
- 2) The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of SME Platform of NSE and SEBI from time to time.
- 3) The minimum depth of the quote shall be ₹ 1,00,000/-. However, the investors with holdings of value less than ₹ 1,00,000/- shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that script provided that he sells his entire holding in that script in one lot along with a declaration to the effect to the selling broker.
- 4) The Market Maker shall not sell in lots less than the minimum contract size allowed for trading on the SME Platform (in this case currently the minimum trading lot size is [●] equity shares; however the same may be changed by the SME Platform of NSE from time to time).
- 5) After a period of three (3) months from the market making period, the Market Maker would be exempted to provide quote if the Shares of Market Maker in our company reaches to 25% of Issue Size. Any Equity Shares allotted to Market Maker under this Issue over and above 25% of Issue Size would not be taken in to consideration of computing the threshold of 25% of Issue Size. As soon as the Shares of Market Maker in our Company reduces to 24% of Issue Size, the Market Maker will resume providing 2 way quotes.

- 6) There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, NSE may intimate the same to SEBI after due verification.
- 7) Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
- 8) There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
- 9) On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.
- 10) The Marker maker may also be present in the opening call auction, but there is no obligation on him to do so.
- 11) There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while *force-majeure* will be applicable for non controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final
- 12) The Market Maker(s) shall have the right to terminate said arrangement by giving a six months notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker(s) and execute a fresh arrangement.

In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Lead Manager to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 106 V of the SEBI (ICDR) Regulations, 2009, as amended. Further our Company and the Lead Manager reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particulars point of time. The Market Making Agreement is available for inspection at our office from 11.00 a.m. to 5.00 p.m. on working days.

- 13) **Risk containment measures and monitoring for Market Makers:** NSE SME Exchange will have all margins, which are applicable on the NSE main board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
- 14) **Punitive Action in case of default by Market Makers:** NSE SME Exchange will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.

The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.

- 15) **Price Band and Spreads:** The price band shall be 20% and the market maker spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time
- 16) Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for market makers during market making process has been made applicable, based on the Issue size and as follows:

<b>Issue Size</b>	<b>Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)</b>	<b>Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue Size)</b>
Up to ₹ 20 Crore	25%	24%
₹ 20 to ₹ 50 Crore	20%	19%
₹ 50 to ₹ 80 Crore	15%	14%
Above ₹ 80 Crore	12%	11%

- 17) All the above mentioned conditions and systems regarding the Market Making Arrangement are subject to change based on changes or additional regulations and guidelines from SEBI and Stock Exchange from time to time.

Dear Sir,

**Subject: Statement of possible tax benefits ('the Statement') available to Globe Textiles (India) Limited ("the Company") and its shareholders prepared in accordance with the requirement in SCHEDULE VIII – CLAUSE (VII) (L) of Securities and Exchange Board of India (Issue of Capital Disclosure Requirements) Regulations 2009, as amended ('the Regulation')**

We hereby report that the enclosed annexure prepared by the Company, states the possible special Tax benefits available to the Company and the shareholders of the Company under the Income - Tax Act, 1961 ('Act'), presently in force in India. Several of these benefits are dependent on the Company or its shareholders fulfilling the conditions prescribed under the relevant provisions of the Act. Hence, the ability of the Company or its shareholders to derive the tax benefits is dependent upon fulfilling such conditions which, based on business imperatives, the Company may or may not choose to fulfill.

The benefits discussed in the enclosed Annexure cover only special tax benefits available to the Company and do not cover any general tax benefits available to the Company. Further, the preparation of enclosed statement and the contents stated therein is the responsibility of the Company's management. We are informed that, this Statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the proposed initial public offering of equity shares ("the Issue") by the Company.

We do not express any opinion or provide any assurance as to whether: a) The Company or its Equity Shareholders will continue to obtain these benefits in future; or b) The conditions prescribed for availing the benefits have been / would be met with. The contents of the enclosed statement are based on information, explanations and representations obtained from the Company and on the basis of our understanding of the business activities and operations of the Company. Our views are based on facts and assumptions indicated to us and the existing provisions of tax law and its interpretations, which are subject to change or modification from time to time by subsequent legislative, regulatory, administrative, or judicial decisions. Any such changes, which could also be retrospective, could have an effect on the validity of our views stated herein. We assume no obligation to update this statement on any events subsequent to its issue, which may have a material effect on the discussions herein. This report including enclosed annexure are intended solely for your information and for the inclusion in the Draft Prospectus/ Prospectus or any other issue related material in connection with the proposed initial public offer of the Company and is not to be used, referred to or distributed for any other purpose without our prior written consent.

#### **Global economic outlook**

Stalling global trade, weak investment, and heightened policy uncertainty have depressed world economic activity. Global growth is estimated to have fallen to 2.3 percent in 2016— the weakest performance since the global financial crisis and 0.1 percentage point below June 2016 Global Economic Prospects forecasts. Global growth is expected to rise to 2.7 percent in 2017, mainly reflecting a recovery in emerging market and developing economies (EMDEs).

Advanced economies continue to struggle with subdued growth and low inflation in a context of increased uncertainty about policy direction, tepid investment, and sluggish productivity growth. Activity decelerated in the United States and, to a lesser degree, in some other major economies. As a result, advanced-economy growth is now estimated to have slowed to 1.6 percent in 2016, a downward revision of 0.1 percentage point. Advanced-economy growth is expected to recover somewhat, to an average pace of 1.8 percent throughout the forecast period. In the United States, manufacturing activity is expected to rebound, contributing to a modest pickup in growth from 1.6 percent in 2016 to an average of 2.2 percent in 2017-18. This forecast does not incorporate the effects of policy proposals by the new U.S. administration, as their scope and ultimate form are still uncertain. Fiscal stimulus, if implemented, could result in stronger growth outcomes than currently predicted. In the Euro Area and Japan, supportive monetary policies will help stimulate activity throughout the forecast period. Inflation is expected to rise gradually, but it will remain below central banks' target in the Euro Area and Japan throughout the forecast horizon. Anemic growth in advanced economies was accompanied by a further weakening of global trade in 2016. Mitigating these headwinds, commodity prices have stabilized and are projected to increase moderately during 2017-19, providing support for commodity-exporting EMDEs. The rise in U.S. yields since early November has led to a notable tightening of financing conditions for EMDEs, in some cases resulting in significant currency depreciation and portfolio outflows. Despite this tightening, financing conditions still remain generally benign, as major central banks maintain accommodative monetary policies.

EMDEs grew at an estimated 3.4 percent in 2016, broadly in line with previous expectations. Commodity exporters as a group continued to expand at markedly lower rates than commodity importers. Growth in commodity exporters for 2016 is estimated at 0.3 percent. Improved performance in some large EMDE exporters— including a more rapid bottoming out in the Russian Federation and an easing in the pace of contraction in Brazil—and an increase in commodity prices from their early-2016 lows offset additional weakness in other exporters, most notably in Sub-Saharan Africa. Meanwhile, commodity importers are estimated to have grown 5.6 percent, reflecting resilient domestic demand, low commodity prices, and generally accommodative macroeconomic policies.

EMDE growth is expected to accelerate to 4.2 percent in 2017 and to an average of 4.7 percent in 2018-19. EMDEs are forecast to contribute 1.6 percentage points to global growth in 2017, accounting for about 60 percent of global growth for the first time since 2013. With the anticipated increases in commodity prices, particularly for oil, the divergence in growth outlooks between commodity exporters and importers is set to narrow. The waning effect of currency depreciations in commodity exporters, and of past declines in energy prices for importers, should also narrow differences in inflation between the two groups. That said, the long-term EMDE outlook is clouded by a number of factors—most prominently, uncertainty about global trade prospects and advanced-economy policies, a weakening in potential output resulting from subdued investment, sluggish productivity growth, and demographic factors.

Within the broader group of EMDEs, growth in low-income countries (LICs) is estimated to have decelerated slightly to 4.7 percent in 2016. Some oil and metal exporters slowed sharply, as they continue to struggle to adjust to low commodity prices. In addition, a

number of LICs faced domestic headwinds, including droughts, political tensions, and security challenges. However, many commodity-importing LICs continued to grow solidly. External and domestic conditions should improve gradually, with LICs growth rebounding to 5.6 percent in 2017 and reaching 6.1 percent by 2019.

### A. Global growth

### B. Contribution to global growth revisions

### C. Global goods trade growth

### D. Changes in commodity prices

### E. Growth by country groups

### F. Contribution to global growth

There is substantial uncertainty around baseline projections. For example, while the central forecast for global growth in 2017 is 2.7 percent, there is a 50-percent probability that actual growth will be between 2 percent to 3.2 percent. The materialization of

downside risks could derail a fragile global economic recovery. The heightened level of policy uncertainty, especially regarding trade, has been exacerbated by recent political developments—most notably, electoral outcomes in the United States and the United Kingdom. This and other risks— particularly financial market disruptions amid tighter global financing conditions—may be amplified over the medium term by mounting protectionist tendencies, slower potential growth, and elevated vulnerabilities in some EMDEs. However, fiscal stimulus in key major economies could lead to stronger-than-expected activity in the near term and thus represent a substantial upside risk to the outlook—particularly, in the United States, where the new administration has signaled an intention to pursue expansionary fiscal policies, including tax cuts and the facilitation of infrastructure spending.

The sluggish economic outlook underscores the need to implement structural policies that support domestic demand and, especially, reinvigorate investment. In advanced economies, extremely low and negative real equilibrium interest rates constrain the effectiveness of monetary policy and may warrant more supportive fiscal policies. More generally, macroeconomic policies should remain accommodative until evidence of capacity constraints emerge and inflation is on a clear upward trend. In EMDEs, finding an appropriate balance between fiscal adjustment, measures to reduce vulnerabilities, and growth-oriented reforms aimed at raising human capital and physical infrastructure will be challenging for some countries. Policies that boost domestic sources of long-term growth—critically, long-term investment and productivity—are a priority. Investing in human and physical capital will help narrow unmet investment gaps in skills and infrastructure. These policies could be reinforced by efforts to further international integration, such as those that support growth in EMDE services trade, and that create an environment to maximize the benefits of foreign direct investment (FDI).

### Major economies: Recent developments and outlook

Advanced economies continue to be afflicted by weak growth and low inflation, amid rising uncertainty about future policy direction. After slowing to 1.6 percent in 2016, growth is projected to recover somewhat in 2017-19, although the range of possible outcomes has significantly widened after the elections in the United States and the United Kingdom’s decision to leave the European Union. In China, projections are unchanged, despite resurfacing concerns about buoyant property markets, as growth slows gradually toward more sustainable levels, with a rebalancing from manufacturing to services.

Across major advanced economies, the deceleration in growth in 2016 to 1.6 percent reflected renewed policy uncertainties, weak external demand, and subdued productivity growth (Figure 1.3). Activity is expected to regain modest momentum in 2017-19, but uncertainty associated with policies of the new administration in the United States and with the United Kingdom’s decision to leave the European Union (Brexit) could significantly influence the growth trajectory of advanced economies. Growth projections for 2017 and 2018 have been revised down for the Euro Area and, especially, for the United Kingdom. For the United States, baseline forecasts for 2017 and 2018 are unchanged from June projections, in the absence of specific details about policy changes to be implemented by the new administration. Whereas constraints to monetary policy have intensified, fiscal policy is likely to play a greater role in the coming years. Weak productivity growth and rising demographic pressures, which weigh on labor supply and could contribute to a lower rate of return on capital, continue to constrain long-term prospects.

### Indian Economy Overview

The Economic Survey of 2014-15 spoke about the sweet spot for the Indian economy that could launch India onto a trajectory of sustained growth of 8-10 percent. Last year’s Survey assessed that “for now, but not indefinitely, that sweet spot is still beckoningly there.” This year’s stocktaking suggests that shifts in the underlying vision will be needed to overcome the major challenges ahead, thereby accelerating growth, expanding employment opportunities, and achieving social justice (Chapter 2 in this Survey). In the aftermath of demonetisation, and because cyclical developments will make economic management harder, articulating and embracing those shifts will be critical to ensuring that that sweet spot is enduring not evanescent. This year has been marked by several historic economic policy developments. On the domestic side, a constitutional amendment paved the way for the long-awaited and transformational goods and services tax (GST) while demonetisation of the large currency notes signaled a regime shift to punitively raise the costs of illicit activities. On the international front, Brexit and the US elections may herald a tectonic shift, forebodingly laden with darker possibilities for the global, and even the Indian, economy.

Start first with demonetisation. A radical governance-cum-social engineering measure was enacted on November 8, 2016. The two largest denomination notes, Rs 500 and Rs 1000—together comprising 86 percent of all the cash in circulation—were “demonetised” with immediate effect, ceasing to be legal tender except for a few specified purposes.<sup>1</sup> These notes were to be deposited in the banks by December 30, while restrictions were placed on cash withdrawals. In other words, restrictions were placed on the convertibility of domestic money and bank deposits. The aim of the action was fourfold: to curb corruption, counterfeiting, the use of high denomination notes for terrorist activities, and especially the accumulation of “black money”, generated by income that has not been declared to the tax authorities. The action followed a series of earlier efforts to curb such illicit activities, including

the creation of the Special Investigation Team (SIT) in the 2014 budget, the Black Money Act, 2015; the Benami Transactions Act of 2016; the information exchange agreement with Switzerland, changes in the tax treaties with Mauritius and Cyprus, and the Income Disclosure Scheme.

Demonetisation was aimed at signaling a regime change, emphasizing the government’s determination to penalize illicit activities and the associated wealth. In effect, the tax on illicit activities as well as on legal activities that were not disclosed to the tax authorities was sought to be permanently and punitively increased. The public debate on demonetisation has raised three questions. First, broader aspects of management, as reflected in the design and implementation of the initiative. Second, its economic impact in the short and long run. And, third, its implications for the broader vision underlying the future conduct of economic policy. This Survey is not the forum to discuss the first question.

Short-term costs have taken the form of inconvenience and hardship, especially those in the informal and cash-intensive sectors of the economy who have lost income and employment. These costs are transitory, and may be minimised in recorded GDP because the national income accounts estimate informal activity on the basis of formal sector indicators, which have not suffered to the same extent. But the costs have nonetheless been real and significant. The benefits of lower interest rates and dampened price pressure may have cushioned the short-term macroeconomic impact. At the same time, demonetisation has the potential to generate long-term benefits in terms of reduced corruption, greater digitalization of the economy, increased flows of financial savings, and greater formalization of the economy, all of which could eventually lead to higher GDP growth, better tax compliance and greater tax revenues. The magnitudes of short-term costs remain uncertain, as do the timing and extent of long-term benefits. These magnitudes will depend importantly on how policy responds to the current situation. Needed actions include: demonetizing the economy expeditiously by supplying as much cash as necessary, especially in lower denomination notes; and complementing demonetisation with more incentive-compatible actions such as bringing land and real estate into the GST, reducing taxes and stamp duties, and ensuring that the follow-up to demonetisation does not lead to over-zealous tax administration.

### Review of Developments in 2016-17

Real GDP growth in the first half of the year was 7.2 percent, on the weaker side of the 7.0-7.75 per cent projection in the Economic Survey 2015-16 and somewhat lower than the 7.6 percent rate recorded in the second half of 2015-16. The main problem was fixed investment, which declined sharply as stressed balance sheets in the corporate sector continued to take a toll on firms’ spending plans. On the positive side, the economy was buoyed by government consumption, as the 7th Pay Commission salary recommendations were implemented, and by the long-awaited start of an export recovery as demand in advanced countries began to accelerate. Nominal GDP growth recovered to respectable levels, reversing the sharp and worrisome dip that had occurred in the first half of 2015-16.

**Figure 1a. GVA and GDP Growth (Constant Prices)**

**Figure 1b. GVA and GDP Growth (Current Prices)**

Source: CSO

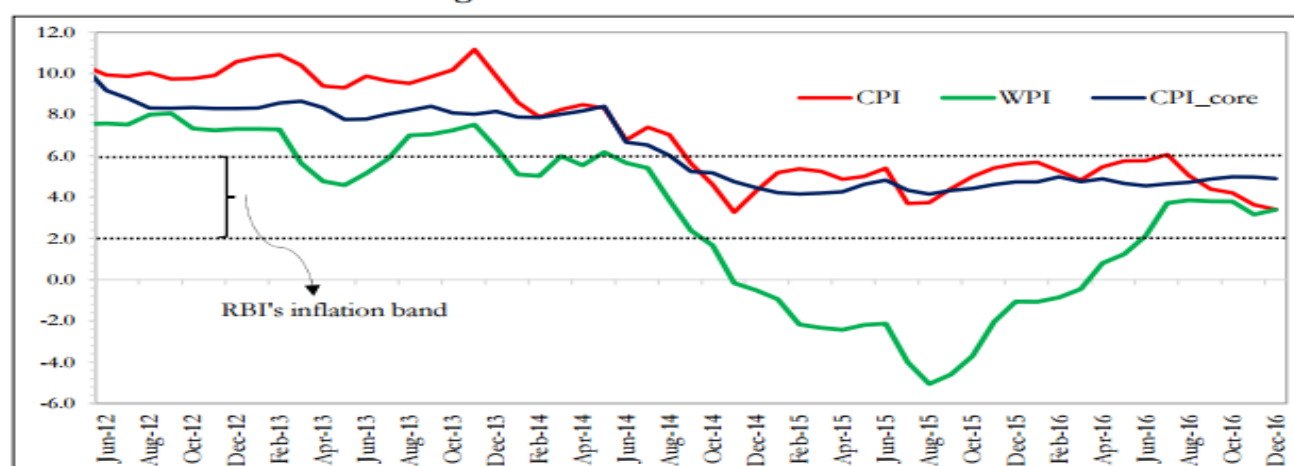

The major highlights of the sectoral growth outcome of the first half of 2016-17 were: (i) moderation in industrial and nongovernment service sectors; (ii) the modest pick-up in agricultural growth on the back of improved monsoon; and (iii) strong

growth in public administration and defence services— dampeners on and catalysts to growth almost balancing each other and producing a real Gross Value Addition (GVA) growth (7.2 per cent), quite similar to the one (7.1 per cent) in H2 2015-16.

Inflation this year has been characterized by two distinctive features. The Consumer Price Index (CPI)-New Series inflation, which averaged 4.9 per cent during April-December 2016, has displayed a downward trend since July when it became apparent that kharif agricultural production in general, and pulses in particular would be bountiful. The decline in pulses prices has contributed substantially to the decline in CPI inflation which reached 3.4 percent at end-December.

The second distinctive feature has been the reversal of WPI inflation, from a trough of (-) 5.1 percent in August 2015 to 3.4 percent at end-December 2016, on the back of rising international oil prices. The wedge between CPI and WPI inflation, which had serious implications for the measurement of GDP discussed in MYEA (Box 3, Chapter 1, MYEA 2015-16), has narrowed considerably. Core inflation has, however, been more stable, hovering around 4.5 percent to 5 percent for the year so far. The outlook for the year as a whole is for CPI inflation to be below the RBI's target of 5 percent, a trend likely to be assisted by demonetisation.

### Outlook for 2017-18

Turning to the outlook for 2017-18, we need to examine each of the components of aggregate demand: exports, consumption, private investment and government. As discussed earlier, India's exports appear to be recovering, based on an uptick in global economic activity. This is expected to continue in the aftermath of the US elections and expectations of a fiscal stimulus. The IMF's January update of its World Economic Outlook forecast is projecting an increase in global growth from 3.1 percent in 2016 to 3.4 percent in 2017, with a corresponding increase in growth for advanced economies from 1.6 percent to 1.9 percent. Given the high elasticity of Indian real export growth to global GDP, exports could contribute to higher growth next year, by as much as 1 percentage point.

The outlook for private consumption is less clear. International oil prices are expected to be about 10-15 percent higher in 2017 compared to 2016, which would create a drag of about 0.5 percentage points. On the other hand, consumption is expected to receive a boost from two sources: catch-up after the demonetisation-induced reduction in the last two quarters of 2016-17; and cheaper borrowing costs, which are likely to be lower in 2017 than 2016 by as much as 75 to 100 basis points. As a result, spending on housing and consumer durables and semidurables could rise smartly. It is too early to predict prospects for the monsoon in 2017 and hence agricultural production. But the higher is agricultural growth this year, the less likely that there would be an extra boost to GDP growth next year.

Since no clear progress is yet visible in tackling the twin balance sheet problem, private investment is unlikely to recover significantly from the levels of FY2017. Some of this weakness could be offset through higher public investment, but that would depend on the stance of fiscal policy next year, which has to balance the short-term requirements of an economy recovering from demonetisation against the medium-term necessity of adhering to fiscal discipline—and the need to be seen as doing so.

Putting these factors together, we expect real GDP growth to be in the 6¼ to 7½ percent range in FY2018. Even under this forecast, India would remain the fastest growing major economy in the world. There are three main downside risks to the forecast. First, the extent to which the effects of demonetisation could linger into next year, especially if uncertainty remains on the policy response. Currency shortages also affect supplies of certain agricultural products, especially milk (where procurement has been low), sugar (where cane availability and drought in the southern states will restrict production), and potatoes and onions (where sowings have been low). Vigilance is essential to prevent other agricultural products becoming in 2017-18 what pulses was in 2015-16.

Second, geopolitics could take oil prices up further than forecast. The ability of shale oil production to respond quickly should contain the risks of a sharp increase, but even if prices rose merely to \$60-65/barrel the Indian economy would nonetheless be affected by way of reduced consumption; less room for public investment; and lower corporate margins, further denting private investment. The scope for monetary easing might also narrow, if higher oil prices stoked inflationary pressure. Third, there are risks from the possible eruption of trade tensions amongst the major countries, triggered by geo-politics or currency movements. This could reduce global growth and trigger capital flight from emerging markets. The one significant upside possibility is a strong rebound in global demand and hence in India's exports. There are some nascent signs of that in the last two quarters. A strong export recovery would have broader spillover effects to investment.

## Textiles Industry

India's textiles sector is one of the oldest industries in Indian economy dating back several centuries. Even today, textiles sector is one of the largest contributors to India's exports with approximately 11 per cent of total exports. The textiles industry is also labour intensive and is one of the largest employers. The textile industry has two broad segments. First, the unorganised sector consists of handloom, handicrafts and sericulture, which are operated on a small scale and through traditional tools and methods. The second is the organised sector consisting of spinning, apparel and garments segment which apply modern machinery and techniques such as economies of scale. The textile industry employs about 40 million workers and 60 million indirectly. India's overall textile exports during FY 2015-16 stood at US\$ 40 billion.

## Market Size

The Indian textiles industry, currently estimated at around US\$ 108 billion, is expected to reach US\$ 223 billion by 2021. The industry is the second largest employer after agriculture, providing employment to over 45 million people directly and 60 million people indirectly. The Indian Textile Industry contributes approximately 5 per cent to India's Gross Domestic Product (GDP), and 14 per cent to overall Index of Industrial Production (IIP).

The Indian textile industry has the potential to reach US\$ 500 billion in size according to a study by Wazir Advisors and PCI Xylenes & Polyester. The growth implies domestic sales to rise to US\$ 315 billion from currently US\$ 68 billion. At the same time, exports are implied to increase to US\$ 185 billion from approximately US\$ 41 billion currently.

## Investments

The textiles sector has witnessed a spurt in investment during the last five years. The industry (including dyed and printed) attracted Foreign Direct Investment (FDI) worth US\$ 1.85 billion during April 2000 to March 2016.

Some of the major investments in the Indian textiles industry are as follows:

- Trident Group, one of the leading manufacturers and exporters of terry towel, home textile, yarn and paper in India, has entered into a partnership with French firm Lagardere Active Group, to launch a premium range of home textiles under the renowned French lifestyle brand Elle Décor in India.
- The Clothing Manufacturers' Association of India (CMAI) has signed a memorandum of understanding (MOU) with China Chamber of Commerce for Import and Export of Textiles (CCCT) to explore potential areas of mutual co-operation for increasing apparel exports from India.
- The Department of Handlooms and Textiles, Government of India, has tied up with nine e-commerce players and 70 retailers to increase the reach of handlooms products in the Indian market, which will generate better prices and continuous business, besides facilitating direct access to markets and consumers for weavers.

- The Union Ministry of Textiles, which has set a target of doubling textile exports in 10 years, plans to enter into bilateral agreements with Africa and Australia along with working on a new textile policy to promote value addition, apart from finalising guidelines for the revised Textile Upgradation Fund Scheme (TUFS).
- The Government of India has started promotion of its 'India Handloom' initiative on social media like Facebook, Twitter and Instagram with a view to connect with customers, especially youth, in order to promote high quality handloom products.
- Subsidies on machinery and infrastructure

The Revised Restructured Technology Up gradation Fund Scheme (RRTUFS) covers manufacturing of major machinery for technical textiles for 5 per cent interest reimbursement and 10 per cent capital subsidy in addition to 5 per cent interest reimbursement also provided to the specified technical textile machinery under RRTUFS.

Under the Scheme for Integrated Textile Parks (SITP), the Government of India provides assistance for creation of infrastructure in the parks to the extent of 40 per cent with a limit up to Rs 40 crore (US\$ 6 million). Under this scheme the technical textile units can also avail its benefits.

The major machinery for production of technical textiles receives a concessional customs duty list of 5 per cent.

Specified technical textile products are covered under Focus Product Scheme. Under this scheme, exports of these products are entitled for duty credit scrip equivalent to 2 per cent of freight on board (FOB) value of exports

- The Government of India has implemented several export promotion measures such as Focus Market Scheme, Focus Product Scheme and Market Linked Focus Product Scheme for increasing share of India's textile exports.
- Under the Market Access Initiative (MAI) Scheme, financial assistance is provided for export promotion activities on focus countries and focus product countries.
- Under the Market Development Assistance (MDA) Scheme, financial assistance is provided for a range of export promotion activities implemented by Textiles Export Promotion Councils.
- The government has also proposed to extend 24/7 customs clearance facility at 13 airports and 14 sea ports resulting in faster clearance of import and export cargo.
- The Ministry of Textiles has approved a 'Scheme for promoting usage of geotechnical textiles in North East Region (NER)' in order to capitalise on the benefits of geotechnical textiles. The scheme has been approved with a financial outlay of Rs 427 crore (US\$ 63.67 million) for five years from 2014-15.

## Road Ahead

The future for the Indian textile industry looks promising, buoyed by both strong domestic consumption as well as export demand. With consumerism and disposable income on the rise, the retail sector has experienced a rapid growth in the past decade with the entry of several international players like Marks & Spencer, Guess and Next into the Indian market. The organised apparel segment is expected to grow at a Compound Annual Growth Rate (CAGR) of more than 13 per cent over a 10-year period.

## India's Textiles and clothing exports:

India's textiles and clothing industry is one of the mainstays of the national economy. It is also one of the largest contributing sectors of India's exports worldwide. The report of the Working Group constituted by the Planning Commission on boosting India's manufacturing exports during 12th Five Year Plan (2012-17) envisages India's exports of Textiles and Clothing at US\$ 64.41 billion by the end of March, 2017. The textiles industry accounts for 14% of industrial production, which is 4% of GDP; employs 45 million people and accounts for 13% share of the country's total exports basket. India is major exporting country as far as textile sector is concerned and not dependent on import. Majority of import takes place for re-export or special requirement. In the global exports of clothing, as per the UN Comtrade, 2013 data released in June 2014 India is ranked as 2nd largest Textile and Clothing

exporter in globe with USD 40 bn. while in clothing exports India was ranked 6th largest exporters amongst all exporting countries with worth of USD 15.7 bn. clothing exports. As per UN Comtrade China is largest T&C exporter followed by India, Italy, Germany, Bangladesh and Turkey in 2013 while in clothing export category China, Bangladesh, Italy, Germany, Vietnam and India are the major exporters in their respective position.

The year 2014-15 began with a challenging note for export of Indian T&C products in a difficult economic backdrop as the world was emerging from the shadows of a grim recessionary period as in 2013-14. However concerted efforts were made to reverse the trend in 2014-15. The Ministry of Textiles remained conscious of the fact that textile export is not just an end itself but means of providing gainful employment to millions of people in the country. To address these issues and reverse the trend of declining exports, a multi-pronged strategy was adopted by the Ministry of Textiles. The Ministry significantly stepped up external economic engagement with the other information and negotiated a number of bilateral agreements to gain significant market access. Various procedural bottlenecks in exports were also addressed while supporting the textiles exports sector through various provisions of the Foreign Trade Policy and the other policy initiatives to enable the sector to increase market share in the global textiles markets. As a result of focused efforts made by the Ministry of Textiles, not only the declining trend of textile exports was arrested but a significant growth in export was witnessed during 2014-15.

### **Indian Textile Industry By 2025**

India has its own textile raw materials; in fact, the country has a surplus of textile raw materials whether it is cotton or man-made fibres. The spinning/weaving capacity built over the years has resulted in low cost of production per unit in India's textile industry. This has given a strong competitive advantage to the country's textile exporters in comparison to key global competitors. The sector has also witnessed increasing outsourcing over the years, as Indian players adjusted themselves up in the value chain from being mere converters to brand partners of global retail giants. The same is getting reflected in increasing value of exports.

The Indian textile industry has enjoyed parity between international and domestic cotton prices and this advantage needs to be sustained for further development of the cotton textile value chain. India's growing population has been a key driver of textile consumption growth in the country. The increase in young population complemented with an increasing female workforce has resulted in changing of tastes, preferences and fashion. The country's population has increased with a CAGR of 1.5% in the last 13 years and at CAGR of 1.8% from 1980. Presently (2013), the population is around 1.25 billion.

The domestic textile and apparel industry is projected to grow at a CAGR of 12% for the next 10 years, so as to reach a level of US \$350 billion. Encouraged by the turnaround in the textile exports, India is expected to grow at a CAGR of 20% for the next 10 years so as to reach a level of US \$300 billion. India's share can reach 20% of the global textile and apparel trade from a present level of 5.2% in 2013. The Government of India has envisioned an investment in this sector to the extent of US \$120 billion for the next 10 years to create additional employment of 35 million jobs.

### **COMPETITIVE STRENGTHS**

Our principal competitive strengths are:

***We have a key customer base with reputed international Customers***

Our long-standing relationship with our major customers has been one of the most significant factors contributing to our growth. Our commitments to quality and customer service practices have been strong contributing factors to our robust customer relations. Over the years, we have steadily developed a robust base of international customers for our products in south-east Asian and gulf countries. Even though we do not have any long-term supply agreements with them, we have continually received repeat business from many of our international customers. This indicates their level of confidence in our ability to understand latest trends and ensure timely delivery of quality products.

***Management and Key managerial Expertise***

Our Directors and Key managerial persons are engaged in the Textiles business, have a proven background and rich experience of more than 20 years in the Textile industry. Also, our Company is managed by a team of experienced personnel. The team comprises of personnel having operational and business development experience. We believe that our management team's experience and their understanding of the textile industry will enable us to continue to take advantage of both current and future market opportunities. It is also expected to help us in addressing and mitigating various risks inherent in our business, including significant competition, the global economic crisis and fluctuations in fuel prices.

***Cost effective production and timely fulfillment of orders***

Our Company has taken various steps in order to ensure adherence to timely fulfillment and also to achieve greater cost efficiency as timely fulfillment of the orders is a prerequisite in our industry. These steps include identifying quality yarn, smooth labour relations, use of an efficient production system and ability to meet large and varied orders due to our capacity and linkages with raw material suppliers. Our Company also has enjoyed good relations with our suppliers and as a consequence have the benefit of timely supplies of the raw materials which has been one of the major reasons why we have been able to achieve timely fulfillment of orders of our customers. Our Company constantly endeavors to implement an efficient procurement policy for inputs required for production so as to ensure cost efficiency in procurement which in turn results in cost effective production.

***Scalable Business Model***

Our business model is order driven and focus on maximum capacity utilization, developing linkages with quality raw material suppliers and achieving consequent economies of scale. We believe that this business model has proved successful and scalable for us in the last few financial years. We can scale upward as per the requirement generated by our Company. The business scale generation is basically due to the development of new markets both international and domestic, by adopting aggressive marketing of the product, innovation in the product range and by maintaining the consistent quality of the product.

**OUR STRATEGIES**

The primary elements of our growth strategies are set forth below.

***Expand our product portfolio to cater to consumer preferences***

We aim to leverage our existing suite of products, knowhow and manufacturing capabilities to produce niche and higher-margin products. We believe that, given our manufacturing capacity and expertise, we would be able to produce and sell such fabrics at competitive prices compared to the international export markets. In the long run, we may also intend to enter into new product lines and target new consumer segments. We believe that such initiatives will optimally diversify our business and products portfolio and enable access to new markets.

***Creativity***

Our Company has always been driven by the quest to develop something new and constantly strives to develop better products which appeal to our constantly growing customer base. Also our company provides mix and match to attract our customers and

dealers. Our Company's forte lies in its ability to translate its vision into realities using, technology and personnel who successfully supervise each new venture undertaken.

***Expand our distribution network and export sales***

Our historically developed distribution in domestic and international market has been critical to our growth. We intend to continue developing and nurturing existing market, and create new distribution channels in under and non-penetrated geographies. We aim to further develop our domestic sales networks in those territories where there are lower transportation costs and those which have a significant demand of our products, where we can sell at price-points that can effectively offset higher transportation costs. Such expansion plans are intended to be effected by in-house examination of the market potential of various territories and our available distribution network in such geographies. For our international export business, we intend to upscale our export operations to sell higher volumes of our products.

***Invest in infrastructure and technology***

Our Company believes in making investments for continuously achieving higher levels of excellence in its products and implement dynamic and diverse specifications of our customers. We have invested significantly in equipping our manufacturing facilities with the latest and specialized infrastructure and modern technology. We want to continue to work towards the upgradation and modernization of our infrastructure and technology.

**OUR PRODUCTS**

We have developed variety of Products as below:-

S.No.	Name of Products	Description

#### MANUFACTURING PROCESS FLOW CHARTS:-

#### STEPS INVOLVED IN MANUFACTURING PROCESS OF FABRICS:-

- 1. Procurement of Yarn & fabrics:-** Our Company purchases yarn and fabrics from the local market. Our Company uses man-made yarns like polyester, nylon, viscose, metallic yarn, etc. to manufacture synthetic fabrics. These raw materials are received on paper tubes, packed in cartons.
- 2. Weaving:-** Weaving is the process of fabric manufacturing technology. The final product of weaving i.e. fabric is obtained by interlacing of warp & weft yarns disposed in perpendicular direction. The warp yarns are placed in the longitudinal in woven fabrics & the weft yarns are used for cross wise interlacing with the warp yarns. Cloth is produced on looms. The basic purpose of any loom is to hold the warp threads under tension to facilitate the interweaving of the weft threads through shuttle. The precise shape of the loom and its mechanics may vary, but the basic function is the same.
- 3. Processing:-** At this Stage, the finish fabric is being processed with use of chemicals and dyed solution. The grey fabric comes into its final finish shape. Grey Fabrics are passed through several water intensive wet processing stages. These processes enhance the appearance, durability and serviceability of the fabric and make the fabric worth of apparel making. At processing stage various properties/qualities are developed which make the grey fabrics in its usable/acceptable form. In our Case the processing of grey fabrics are outsourced on job work basis from local market.
- 4. Ornamentation:-** fabrics are often combined with embroidery and other ornamentation techniques to obtain a final decorative and functional artefact. At this stage the fabric is converted into various design and patterns for making the garments.
- 5. Cutting & Stitching:-** The fabrics are cutted in appropriate pieces and sizes for stitching of garments. Stitching are the fundamental elements of sewing, knitting, embroidery, crochet, and needle lace-making, whether by hand or machine.
- 6. Quality Check, Packing and Dispatch:-** Our Company continuously monitors quality assurance and timely supply of the materials. This stage also involves cutting and removing loose threads, checking the product for any defects, making minor alterations, ironing and folding the products as per pre agreed sizes. This is an important stage because packing plays a very important role in attracting the customer's attention. Further after quality check and dispatch all products are segregated as per their specifications, designs and order details. These are then dispatched as per the shipping instructions of the customers to multiple locations.

### **COMPETITION:-**

Much of the market in which we operate is unorganized and fragmented with many small and medium-sized entities. We face substantial competition for our products from other manufacturers in domestic market. Our competition varies for our products and regions. We compete with other manufacturers on the basis of product range, product quality, and product price including factors, based on reputation, regional needs, and customer convenience. While these factors are key parameters in client's decisions matrix in purchasing goods; product range, product quality and product price is often the deciding factor in most deals. Some of our major competitors are:-

- Ashapura Intimates Fashion Ltd.
- Bella Casa Fashion & Retail Ltd.
- Kewal Kiran Clothing Ltd.
- Libas Designs Ltd.
- S.P. Apparels Ltd.

### **INFRASTRUCTURE & UTILITIES:-**

#### **Raw Materials:-**

Our Company manufactures garments from fabrics and yarns, which is a major raw material for our manufacturing process. We procure raw material from local suppliers available in region of Ahmedabad which is cost efficient and easily available.

#### **Power:-**

The requirement of power for our operations, like power for lighting and operating the machinery/equipment is met through Torrent Power Limited for all the Units.

#### **Water:-**

Water requirement for the manufacturing and allied processes is very minimal and the same is procured locally by way of existing water supply network in that area.

#### **Human Resource:-**

As on December 31, 2016 our Company has 313 employees including Senior Management, Middle level and workers. Our manpower is a prudent mix of the experienced and youth which gives us the dual advantage of stability and growth. Further our company hires casual worker for factories on contract. Our manufacturing processes include skilled/ semi-skilled/ unskilled resources together with our strong management team have enabled us to successfully implement our growth plans.

#### **INSURANCE:-**

We maintain a range of insurance policies to cover our assets, risks and liabilities. Substantially all of our insurance policies related to our registered office and factories provide appropriate coverage in relation to fire, explosions, Burglary and Personal Accident Insurance. We constantly evaluate the risks in an effort to be sufficiently covered for all known risks. We believe that the amount of insurance coverage presently maintained by us represents an appropriate level of coverage required to insure our business and operations and is in accordance with the industry standard in India.

## **REGULATIONS AND POLICIES**

*The following description is a summary of the relevant regulations and policies as prescribed by the Government of India and other regulatory bodies that are applicable to our business. The information detailed in this chapter has been obtained from various legislations, including rules and regulations promulgated by the regulatory bodies that are available in the public domain. The regulations and policies set out below may not be exhaustive, and are only intended to provide general information to the investors and are neither designed nor intended to be a substitute for professional legal advice. The Company may be required to obtain licenses and approvals depending upon the prevailing laws and regulations as applicable. For details of such approvals, please see the section titled “Government and other Approvals” on page 203 of this Draft Prospectus.*

This chapter has been classified as under:

- A. Business and Trade related regulations
- B. Statutory and business laws
- C. Laws relating to Labour and Employment
- D. Environmental laws
- E. Tax Laws
- F. Intellectual Property Laws
- G. Foreign Investment Regulations

### **A. BUSINESS AND TRADE RELATED REGULATIONS**

#### **National Textile Policy 2000 (“NTP 2000”)**

The NTP 2000 aims at facilitating the growth of the textile industry to attain and sustain a pre-eminent global standing in the manufacture and export of clothing. This objective is sought to be achieved by liberalizing controls and regulations so that the different segments of the textile industry are enabled to perform in a greater competitive environment. One of the key focus areas of the NTP 2000 is on the implementation, in a time bound manner, of the Technology Upgradation Fund Scheme (“TUFS”) covering all manufacturing segments of the industry, seeking to build world class state of the art manufacturing capabilities in conformity with environmental standards. Additionally, certain sector specific initiatives envisaged under the NTP 2000 include raw materials, clothing, exports, and knitting. The GoI constituted an expert level committee in December 2013 to review the NTP 2000 and to formulate a new textile policy to address concerns of adequate skilled work force, labour reforms, attracting investments in the textile sector and for providing a future road map for the textile and clothing industry.

The Government of India, in July 2014, submitted a draft of a new national textile policy, the Vision, Strategy and Action Plan for Indian Textile and Apparel Sector (2024) (“Draft NTP”) with the objective of achieving US\$300.0 billion exports and 20% share of the global trade in the textile sector by 2024-25. However, they said the Draft NTP is not yet notified.

#### ➤ **Scheme for Integrated Textile Parks (SITP)**

Government of India has launched “Integrated Textile Parks” scheme. SITP would create new textile parks of international standards at potential growth centers by 2007-08. The SITP is launched by merging the existing two schemes namely, the Scheme for Apparel Parks for Exports (APE) and the Textile Center Infrastructure Development Scheme (TCIDS). One of the main purposes of introducing the SITP is to provide the industry with world-class infrastructure facilities for setting up their textile units. Industry Associations / Group of Entrepreneurs are the main promoters of the Integrated Textiles Park (ITP).

#### ➤ **100% Foreign Direct Investment (FDI) in the Textile Sector**

The Indian Government has allowed foreign equity investment upto 100% through automatic route, in the textile sector. Indian manufacturing companies are allowed 100% FDI to carry out wholesale trading on “a cash and carry basis” and also export trading through the automatic route, without seeking prior Government approval.

➤ **Export Promotion Capital Goods Scheme**

The Scheme facilitates import of capital goods at 3% concessional rate of duty with appropriate export obligation. The Foreign Trade Policy also permits EPCG license holders to opt for technological upgradation for their existing capital goods imported under the EPCG license, subject to certain prescribed conditions.

➤ **Duty Drawback Scheme**

Duty Drawback scheme is a duty remission scheme enabling post export replenishment/remission of duty on inputs used in export products, whereby exporters are allowed refund of the excise and import duty paid on raw materials under Duty Drawback so as to make the products more competitive in the international market.

➤ **Revised Restructured Technology Upgradation Fund Scheme**

The Ministry of Textiles, Government of India, launched a Technology Upgradation Fund (“TUF”) scheme for the textile and jute industry for a five year period from April 1, 1999 to March 31, 2004. It was subsequently extended in 2004 and 2007 with modifications. It was further restructured with effect until March 31, 2012 and extended until March 31, 2013. On October 4, 2013, the Ministry of Textiles provided the financial and operational parameters and implementation mechanism for the Revised Restructured-TUF (“RR-TUF”) scheme for the 12th Five Year Plan period i.e. until March 31, 2017. The TUF scheme provided for interest reimbursement of 5% on the interest charged by a lending agency for financing of a project of technology upgradation in conformity with the TUF scheme. Pursuant to the RR-TUF scheme, in cases of standalone spinning units, the interest reimbursement is 2% for new standalone/replacement/modernization of spinning machinery and 5% for spinning units with forward integration and matching capacity in weaving/knitting/processing/garmenting. The RR-TUF scheme also provides for 5% interest reimbursement and 10% capital subsidy for specified processing machinery, garmenting machinery and machinery required in manufacture of technical textiles. The RR-TUF scheme is monitored by an inter-ministerial steering committee constituted under the chairmanship of the minister of textiles. Only loans sanctioned on or after April 1, 2012 are eligible for grant of benefits under this scheme.

➤ **Amended Technology Upgradation Fund Scheme (ATUFS)**

Ministry of Textiles, Government of India has notified Amended Technology Up gradation Fund Scheme vide notification dated January 13, 2016. In order to promote ease of doing business, promote make in India and increase the employment, government will be providing credit linked Capital Investment Subsidy (CIS) under the ATUFS. The Scheme would facilitate augmenting of investment, productivity, quality, employment and exports. It will also increase investment in textile industry (using benchmarked technology). Entities registered as Companies which have acknowledgment of Industrial Entrepreneur Memorandum(IEM) with DIPP except MSME units registered with the concerned Directorates of the State Government showing clearly the activity for which the unit is registered, will only be eligible to get benefits under the scheme. Only benchmarked machinery as specified will be eligible for the subsidy under the scheme. The maximum subsidy for overall investment by an individual entity under ATUFS will be restricted to Rs. 30 Crore.

➤ **Advance Licensing Scheme**

With a view to facilitating exports and to access duty-free inputs under the scheme, standard input-output norms for about 300 textiles and clothing export products have been prescribed and this scheme remained under operation.

➤ **Duty entitlement pass-book ("DEPB") scheme**

DEPB credit rates have been prescribed for 83 textiles and clothing products. The scheme aims to neutralize the incidence of basic and special custom duty on the import content of the export product, by way of grant of duty credit against the export product at specified rates. However, these export incentives may be reviewed shortly to make them WTO compatible.

➤ **Merchandise Exporter from India (“MEI”) Scheme**

Pursuant to the Foreign Trade Policy (2015-2020), the MEI scheme has replaced five earlier schemes and was introduced to offset infrastructure inefficiencies and associated costs in export of goods, especially those having high export intensity,

employment potential and able to enhance our export competitiveness. The basis for calculation of the reward under the MEI scheme is on the FOB value of exports realized in free foreign exchange or on the FOB value of exports mentioned in the shipping bill, whichever is less, unless otherwise specified. With effect from June 1, 2015, the MEI scheme mandatorily requires a declaration of intent to be endorsed on the shipping bills (except free shipping bills) to be eligible to claim any reward under the MEI scheme.

### **Gujarat Textile Policy, 2012**

With the object of continuing leadership position in textile sector, State Government of Gujarat issued Gujarat Textile Policy, 2012. The State Government wants to strengthen entire value chain for overall growth of textile sector in the State of Gujarat. Eligible entities will be provided various incentives under the different schemes of the policy.

Major benefits under the policy are as follows:

- Starting cotton spinning and weaving parks around cotton growing areas;
- Interest subsidy for value-addition chain from ginning to spinning, weaving, processing, garment manufacturing and technology up-gradation;
- Refund of VAT on expansion of existing and new units in spinning and readymade garments;
- Power tariff concession for new cotton spinning and weaving units;
- Financial assistance to skill development centres for textile industry;
- Financial assistance for technology acquisition for value chain; and
- Support for energy and water conservation and environmental compliance.

### **Textile Committee Act 1963**

The functions of the Committee shall generally be to ensure by such measures, as it thinks fit, standard qualities of textiles both for internal marketing and export purposes and the manufacture and use of standard type of textile machinery. The Committee may undertake, assist and encourage, scientific, technological and economic research in textile industry and textile machinery; promote export of textiles and textile machinery; establish or adopt or recognize standard specifications for textiles and packing materials used in the packing of textiles or textile machinery, export and for internal consumption and affix suitable marks on such standardized varieties of textiles and packing materials.

### **Textiles Committee (Cess) Rules, 1975**

As per Section 5E of the Act, by notification, the following categories of textile items have been exempted from payment of Cess leviable under Section 5 of the Act.

All types of waste whatever description i.e. Yarn Waste, Hard Waste, Cotton Waste, Woolen Waste, Art-Silk Waste etc.

### **The Additional Duties of Excise (Textiles and Textile Articles) Act, 1978**

The Additional Duties of Excise (Textiles and Textile Articles) Act, 1978 prescribes and provides for the levy and collection of an additional excise duty on certain textiles and textile articles.

### **Textile (Development and Regulation) Order, 2001("Textile Order)**

The Textile Order was brought into force by the Central Government under section 3 of the Essential Commodities Act, 1995 and repealed the Textile (Development and Regulation) Order, 1993. Under the Textile Order every manufacturer of Textiles, Textile machinery and every person dealing with textiles shall keep books of accounts, data and other records relating to his business in the matter of production, processing, import, export, supply, distribution, sale, consumption, etc. and shall furnish such returns or information in respect of their business as and when directed by the Textile Commissioner.

The Textile Order further provides that no person shall make any markings on any textiles resembling the brand name or trade name of any other person who has applied for or obtained a registration to that effect under the Trade and Merchandise Marks Act, 1958, except under and limited to the extent of specific authorization by the holder of or application for such brand or trade name.

### **Gujarat Special Economic Zone Act, 2004**

The act is brought into force to provide and create atmosphere for industries in order to foster their growth. The act provides that sales and transactions within the processing area of the Zone shall be exempt from all taxes, cess, duties, fees or any other levies under any State law to the extent of Stamp duty and registration fees payable on transfer of land, Levy of Stamp duty and registration fees on loan agreements, credit deeds and mortgages, Sales Tax, Purchase Tax, Motor Spirit Tax, Luxury Tax, Entertainment Tax and other taxes and cess payable on sales and transactions. The act also provides Inputs (goods and services) made to Zone Units from Domestic Tariff Area to be exempted from sales tax and other taxes under the State laws.

### **INITIATIVES OF EXPORT PROMOTION COUNCILS FOR TEXTILE INDUSTRY**

#### **Export Performance Certificate**

Exporters who are registered with the Apparel Export Promotion Council can make an application for the issuance of an Export Performance Certificate for importing certain eligible items for use in the manufacture of textile garments for exports. They receive concessions on imports of eligible items up to the extent of 3% of the FOB value realized on exports of ready-to-wear garments during the preceding financial year.

#### **Synthetic and Rayon Textiles Export Promotion Council (“SRTEPC”)**

The Synthetic & Rayon Textiles Export Promotion Council (SRTEPC) was established in 1954 by the Government of India, Ministry of Textiles. In order to help the Indian manufacturers exporters to compete successfully in the world markets, the Council renders assistance as follows:

- Identify markets for their products.
- Introduce them to appropriate overseas importers.
- Assist them financially or otherwise in their efforts.
- Advise them on situations in the different overseas markets by conducting studies & surveys.
- Provide opportunities to give them and their products exposure in the overseas markets by sponsoring their delegations and items.
- Advise them on import export policy and procedures.
- Resolve their problems about shipping and transport.
- Maintain liaison with the authorities to convey to them the requirements of industry and trade and arrange adaptation of policy framework accordingly.

Company has to obtain Registration Cum Membership Certificate for availing the benefits under the SRTEPC.

## **B. STATUTORY AND COMMERCIAL LAWS**

### **The Companies Act, 1956**

The Act deals with laws relating to companies and certain other associations. It was enacted by the parliament in 1956. The Companies Act primarily regulates the formation, financing, functioning and winding up of companies. The Act prescribes regulatory mechanism regarding all relevant aspects including organizational, financial and managerial aspects of companies. Regulation of the financial and management aspects constitutes the main focus of the Act. In the functioning of the corporate sector, although freedom of companies is important, protection of the investors and shareholders, on whose funds they flourish, is equally important. The Companies Act plays the balancing role between these two competing factors, namely, management autonomy and investor protection.

### **The Companies Act, 2013 (to the extent notified)**

The Companies Act, 2013, has replaced the Companies Act, 1956 in a phased manner. The Act received the assent of President of India on 29<sup>th</sup> August 2013. At present almost all the provisions of this law have been made effective except a very few. The

Ministry of Corporate Affairs, has also issued rules complementary to the Companies Act, 2013 establishing the procedure to be followed by companies in order to comply with the substantive provisions of the Companies Act, 2013.

### **Competition Act, 2002**

The Competition Act, 2002 “prohibits anti competitive agreements, abuse of dominant positions by enterprises and regulates “combinations” in India. The Competition Act also established the Competition Commission of India (the “CCI”) as the authority mandated to implement the Competition Act. The provisions of the Competition Act relating to combinations were notified recently on March 4, 2011 and came into effect on June 1, 2011. Combinations which are likely to cause an appreciable adverse effect on competition in a relevant market in India are void under the Competition Act. A combination is defined under Section 5 of the Competition Act as an acquisition, merger or amalgamation of enterprise(s) that meets certain asset or turnover thresholds. There are also different thresholds for those categorized as Individuals and Group. The CCI may enquire into all combinations, even if taking place outside India, or between parties outside India, if such combination is Likely to have an appreciable adverse effect on competition in India. Effective June 1, 2011, all combinations have to be notified to the CCI within 30 days of the execution of any agreement or other document for any acquisition of assets, shares, voting rights or control of an enterprise under Section 5(a) and (b) of the Competition Act (including any binding document conveying an agreement or decision to acquire control, shares, voting rights or assets of an enterprise); or the board of directors of a company (or an equivalent authority in case of other entities) approving a proposal for a merger or amalgamation under Section 5(c) of the Competition Act. The obligation to notify a combination to the CCI falls upon the acquirer in case of an acquisition, and on all parties to the combination jointly in case of a merger or amalgamation.

### **Industrial (Development and Regulation) Act, 1951**

The Industrial (Development and Regulation) Act, 1951 has been liberalized under the New Industrial Policy dated July 24, 1991, and all industrial undertakings have been made exempt from licensing except for certain industries such as distillation and brewing of alcoholic drinks, cigars and cigarettes of tobacco and manufactured tobacco substitutes, all types of electronic aerospace and defense equipment, industrial explosives including detonating fuses, safety fuses, gun powder, nitrocellulose and matches and hazardous chemicals and those reserved for the small scale sector. An industrial undertaking, which is exempt from licensing, is required to file an Industrial Entrepreneurs Memorandum (“IEM”) with the Secretariat for Industrial Assistance, Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India, and no further approvals are required.

### **Indian Contract Act, 1872**

Indian Contract Act codifies the way we enter into a contract, execute a contract, and implement provisions of a contract and effects of breach of a contract. The Act consists of limiting factors subject to which contract may be entered into, executed and breach enforced as amended from time to time. It determines the circumstances in which promise made by the parties to a contract shall be legally binding on them. Each contract creates some right and duties upon the contracting parties. Indian contract deals with the enforcement of these rights and duties upon the parties.

The Indian Contract Act also lays down provisions of indemnity, guarantee, bailment and agency. Provisions relating to sale of goods and partnership which were originally in the Act are now subject matter of separate enactments viz., the Sale of Goods Act and the Indian Partnership Act. The objective of the Contract Act is to ensure that the rights and obligations arising out of a contract are honoured and that legal remedies are made available to those who are affected.

### **Negotiable Instruments Act, 1881**

In India, cheques are governed by the Negotiable Instruments Act, 1881, which is largely a codification of the English Law on the subject. The Act provides effective legal provision to restrain people from issuing cheques without having sufficient funds in their account or any stringent provision to punish them in the event of such cheque not being honoured by their bankers and returned unpaid. Section 138 of the Act, creates statutory offence in the matter of dishonour of cheques on the ground of insufficiency of funds in the account maintained by a person with the banker which is punishable with imprisonment for a term which may extend to two year, or with fine which may extend to twice the amount of the cheque, or with both.

### **The Registration Act, 1908 (“Registration Act”)**

- d) The preparation and presentation of the Financial Statements referred to above are based on the Audited financial statements of the Company in accordance with the provisions of the Act and the Financial Information referred to above is the responsibility of the management of the Company.
- e) In our opinion, the above financial information contained in Annexure I to Annexure III and Annexure A to U of this report read along with the Restated Statement of Significant Accounting Policies and related Notes as set out in Annexure IV are prepared after making adjustments and regrouping as considered appropriate and have been prepared in accordance with Section 26 of the Act, read with the applicable provisions within Rule - 4 to 6 of Companies (Prospectus and Allotment of Securities) Rules, 2014, as amended, the SEBI Regulations, The Revised Guidance Note on Reports in Company Prospectuses and Guidance Note on Audit Reports/Certificates on Financial Information in Offer Documents issued by the Institute of Chartered Accountants of India (“ICAI”) to the extent applicable, as amended from time to time, and in terms of our engagement as agreed with you. We did not perform audit tests for the purpose of expressing an opinion on individual balances of account or summaries of selected transactions, and accordingly, we express no such opinion thereon.
- f) Consequently the financial information has been prepared after making such regroupings and retrospective adjustments as were, in our opinion, considered appropriate to comply with the same. As result of these regroupings and adjustments, the amount reported in the financial information may not necessarily be same as those appearing in the respective audited financial statements for the relevant years.
- g) The report should not in any way be construed as a re-issuance or re-dating of any of the previous audit report, nor should this constructed as a new opinion on any of the financial statements referred to herein.
- h) We have no responsibility to update our report for events and circumstances occurring after the date of the report.

- i) Our report is intended solely for use of the management and for inclusion in the Offer Document in connection with the IPO-SME for Proposed Issue of Equity Shares of the Company and our report should not be used, referred to or distributed for any other purpose without our prior consent in writing.

**Notes:**

1. Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-

cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, financing and investing activities of the company are segregated.

2. The above statement should be read with the significant accounting policies and notes to restated summary statements of assets and liabilities, profits and losses and cash flows appearing in Annexures I, II, III and IV.

## ANNEXURE-IV

### **SIGNIFICANT ACCOUNTING POLICY AND NOTES TO THE RESTATED SUMMARY STATEMENTS**

#### **A. BACKGROUND**

Globe Textiles (India) Limited (Formerly Globe Textiles (India) Private Limited) having CIN : U65910GJ1995PLC027673 was originally incorporated as a private limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The company is based in Ahmedabad and is primarily involved in trading and manufacturing of textile products.

#### **B. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES**

##### **1. BASIS OF PREPARATION OF FINANCIAL STATEMENTS**

The Summary Statement of Assets and Liabilities as Restated of the Company as at 31<sup>st</sup> December, 2016 and 31<sup>st</sup> March, 2016, 2015, 2014, 2013 and 2012 and the Summary Statement of Profit and Loss as Restated and Summary Statements of Cash Flows as Restated for the stub period ended on 31<sup>st</sup> December, 2016 and financial years ended on 31<sup>st</sup> March, 2016, 2015, 2014, 2013 and 2012 and the annexure thereto (collectively, the “**Restated Financial Statements**” or “**Restated Summary Statements**”) have been extracted by the management from the Financial Statements of the Company for the stub period ended on 31<sup>st</sup> December, 2016 and financial years ended on 31<sup>st</sup> March, 2016, 2015, 2014, 2013 and 2012.

The financial statements are prepared and presented under the historical cost convention and evaluated on a going-concern basis using the accrual system of accounting in accordance with the accounting principles generally accepted in India (Indian GAAP) and the requirements of the Companies Act, 1956 (up to 31<sup>st</sup> March, 2014), and notified sections, schedules and rules of the Companies Act 2013 (with effect from 1<sup>st</sup> April, 2014), including the Accounting Standards as prescribed by the Companies (Accounting Standards) Rules, 2006 as per section 211(3C) of the Companies Act, 1956 (which are deemed to be applicable as Section 133 of the Companies Act, 2013 (“the Act”) read with Rule 7 of Companies (Accounts) Rules, 2014).

##### **2. USE OF ESTIMATES**

The preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to the contingent liabilities, if any, as at the date of the financial statements and reported amounts of income and expenses during the year. Examples of such estimates include provisions for doubtful debts, employee retirement benefit plans, provision for income tax and the useful lives of fixed assets. The difference between the actual results and estimates are recognized in the period in which results are known or materialized.

##### **3. FIXED ASSETS**

Fixed assets are stated at historical cost less accumulated depreciation and impairment losses, if any. Cost includes purchase price and all other attributable cost to bring the assets to its working condition for the intended use.

Subsequent expenditures related to an item of tangible asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

Projects under which assets are not ready for their intended use are shown as Capital Work-in-Progress. Cost includes cost of land, materials, construction, services, borrowing costs and other overheads relating to projects.

Intangible assets are stated at acquisition cost, Net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized on a straight line basis over their estimated useful lives.

Gains or losses arising from the retirement or disposal proceeds and the carrying amount of the asset and recognized as income or expense in the Statement of Profit & Loss.

#### **4. DEPRECIATION**

##### **Tangible Fixed Assets**

In accordance with AS-6 “Depreciation”, depreciation on tangible fixed assets is computed on considering useful life provided in the Schedule - II of the Act. During the preceding years, the Company was providing depreciation on Straight Line Basis at the rate prescribed in Schedule XIV of the Companies Act, 1956.

Pursuant to Companies Act, 2013 (‘the Act’) being effective from April 1, 2014, the Company has revised depreciation rates on tangible fixed assets as per useful life specified in Part ‘C’ of Schedule II of the Act. And due to the same there has been a change in the estimated useful life of depreciable tangible assets which affects the depreciation in the current period and in each period during the remaining useful life of the assets. Since the change is only in respect to accounting estimate requiring an adjustment of the carrying amount of tangible assets. The same do not require adjustment in the financial information for the years ended on 31<sup>st</sup> March, 2014, 2013 and 2012. The Company has consistently calculated depreciation based on Straight Line Method.

#### **5. BORROWING COSTS**

Borrowing cost includes interest and amortization of ancillary costs incurred in connection with the arrangement of borrowings. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

#### **6. IMPAIRMENT OF ASSETS**

- (i) The company assesses, at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the company estimates the asset’s recoverable amount. An asset’s (including goodwill) recoverable amount is the higher of an assets net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.
- (ii) After impairment, depreciation/ amortization is provided on the revised carrying amount of the asset over its remaining useful life.

#### **7. INVESTMENTS**

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

## 8. INVENTORIES

### **Inventories are valued as under:**

- a) Raw Material: At lower of cost or net realizable value
- b) Finished goods: At lower of cost or net realizable value
- c) Stores & spares parts: At cost price

Cost of inventories comprise of all cost of purchase. Cost of conversion and other cost incurred in bringing them to their respective present location and condition.

## 9. REVENUE RECOGNITION

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured with reasonable certainty of its recovery.

- i) Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers. Sales exclude sales tax/ value added tax.
- ii) Interest revenues are recognised on time proportion basis taking into account the amount outstanding and the rate applicable.
- iii) Govt. Incentives are recognised based on the claim filed by the company and certainty of receipt for the same as determined by the management.

## 10. FOREIGN CURRENCY TRANSACTIONS

### **i) Initial Recognition and measurement**

Foreign currency transaction is recorded, on initial recognition in the reporting currency, by applying to the foreign currency amount at the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

### **ii) Subsequent Measurement**

All foreign currency denominated monetary assets and liabilities are translated at the exchange rates prevailing on the balance sheet date. The resultant exchange differences are recognised in the statement of profit and loss for the year.

### **iii) Exchange Differences**

All exchange differences arising on settlement and conversion of foreign currency transaction are included in the Statement of Profit and Loss.

### **iv) Forward Exchange Contracts**

The Company uses foreign currency forward contracts to hedge its risks associated with foreign currency fluctuations relating to certain firm commitments and forecasted transactions.

The use of such foreign currency forward contracts is governed by the Company's policies approved by the management, which provide principles on use of such financial derivatives consistent with the Company's risk management strategy. The company does not use derivative financial instruments for speculative purposes.

In respect of transactions covered by forward exchange contracts, the difference between the year end rate and the exchange rate at the date of contract is recognised as exchange difference and the premium paid on forward contracts is recognised over the life of the contracts.

## 11. EMPLOYEE BENEFITS

Employee benefits includes gratuity, compensated absences and contribution to provident fund & employees' state insurance.

### Short Term Employee Benefits

Employee benefits payable wholly within twelve months of rendering the service are classified as short term employees benefits and are recognised in the period in which the employee renders the related service.

### Post Employment Benefits

#### i) Defined Benefit Plan

The employees' gratuity scheme is a defined benefit scheme. The present value of the obligation under such defined benefit plan is determined at each Balance Sheet date based on actuarial valuations, carried out by an independent actuary, using the Projected Unit Credit method. Actuarial gains and losses are recognised in the Statement of Profit and Loss.

#### ii) Defined Contribution Plans

Contribution to the provident fund and superannuation scheme which are defined contribution schemes are charged to the statement of Profit and Loss as they are incurred.

#### iii) Long-term Employee Benefits

Long term employee benefits comprise of compensated absences. However the company does not have any policy to carry forward the unutilised leaves.

#### iv) Other Employee Benefits

Other Employee Benefits are accounted for on accrual basis.

v) For the purpose of presentation of Defined benefit plans, the allocation between short term and long term provisions has been made as determined by an actuary.

## 13. ACCOUNTING FOR TAXES ON INCOME

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount that are enacted or substantively enacted, at the reporting date.

(i) Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.

(ii) Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

The carrying amount of deferred tax assets are reviewed at each reporting date. The company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

## 14. CONTINGENT LIABILITIES AND PROVISIONS

Provisions are recognized only when there is a present obligation as a result of past events and when a reliable estimate of the amount of obligation can be made.

Contingent Liability is disclosed for

- a) Possible obligation which will be confirmed only by future events not wholly within the control of the Company or
- b) Present obligations arising from the past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.
- c) Contingent Assets are not recognized in the financial statements since this may result in the recognition of income that may never be realized.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.

#### **15. EARNINGS PER SHARE:**

In determining the Earnings Per share, the company considers the net profit after tax which does not include any post tax effect of any extraordinary / exceptional item. The number of shares used in computing basic earnings per share is the weighted average number of shares outstanding during the period.

The number of shares used in computing Diluted earnings per share comprises the weighted average number of shares considered for computing Basic Earnings per share and also the weighted number of equity shares that would have been issued on conversion of all potentially dilutive shares.

In the event of issue of bonus shares, or share split the number of equity shares outstanding is increased without an increase in the resources. The number of Equity shares outstanding before the event is adjusted for the proportionate change in the number of equity shares outstanding as if the event had occurred at the beginning of the earliest period reported.

#### **16. EXPORT INCENTIVES:**

Export benefits under various scheme announced by the Central Government under Exim policies are accounted for in the year of receipt.

#### **17. CASH FLOW:**

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. Cash flows from operating, investing and financing activities of the Company are segregated, accordingly.

#### **18. SEGMENT REPORTING:**

In accordance with Accounting Standard 17 "Segment Reporting" as prescribed under Companies (Accounting Standards) Rules, 2006 (as amended), the company has determined its business segment as Textile Trading and Manufacturing. Since, there are no other business segments in which the company operates, there are no other primary reportable segments. Therefore, the segment revenue, results, segment assets, segment liabilities, total cost incurred to acquire segment assets, depreciation charge are all as reflected in the financial statements.

#### **C. NOTES ON RESTATEMENTS MADE IN THE RESTATED FINANCIALS**

1. The financial statements including financial information have been prepared after making such regroupings and adjustments, considered appropriate to comply with the same. As result of these regroupings and adjustments, the amount reported in the financial statements/information may not necessarily be same as those appearing in the respective audited financial statements for the relevant years.

2. The Company does not have information as to which of its supplier are Micro small and Medium Enterprise registered under The Micro small and Medium Enterprise Development Act 2006. Consequently the liability, if any, of interest which would be payable under The Micro small and Medium Enterprise Development Act 2006, cannot be ascertained. However, the Company has not received any claims in respect of such interest and as such, no provision has been made in the books of accounts.

Notes:-

1) The ratios have been computed as below:

(a) Basic earnings per share (Rs. ) - : Net profit after tax as restated for calculating basic EPS / Weighted average number of equity shares outstanding at the end of the period or year

(b) Diluted earnings per share (Rs. ) - : Net profit after tax as restated for calculating diluted EPS / Weighted average number of equity shares outstanding at the end of the period or year for diluted EPS

(c) Return on net worth (%) - : Net profit after tax (as restated) / Net worth at the end of the period or year

(d) Net assets value per share - : Net Worth at the end of the period or year / Total number of equity shares outstanding at the end of the period or year

(e) Net assets value per share (effect of bonus issue of equity shares) - : Net Worth at the end of the period or year / Total number of equity shares outstanding at the end of the period or year (after split and bonus issue)

2) Weighted average number of equity shares is the number of equity shares outstanding at the beginning of the period/year adjusted by the number of equity shares issued during period/year multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the period/year.

3) Net worth for ratios mentioned in note 1(c) and 1(d) is = Equity share capital + Reserves and surplus ( including, Securities Premium, General Reserve and surplus in statement of profit and loss).

4) Weighted Average Number of Equity Shares have been considered after giving the effect of Bonus Shares issued by the company on 27/03/2017

5) The figures disclosed above are based on the standalone restated summary statements of the Group.

6) The above statement should be read with the significant accounting policies and notes to restated summary statements of assets and liabilities, profits and losses and cash flows appearing in Annexures I, II, III and IV.

## **COMPETITIVE STRENGTHS**

Our principal competitive strengths are:

### ***We have a key customer base with reputed international Customers***

Our long-standing relationship with our major customers has been one of the most significant factors contributing to our growth. Our commitments to quality and customer service practices have been strong contributing factors to our robust customer relations. Over the years, we have steadily developed a robust base of international customers for our products in south-east Asian and gulf countries. Even though we do not have any long-term supply agreements with them, we have continually received repeat business from many of our international customers. This indicates their level of confidence in our ability to understand latest trends and ensure timely delivery of quality products.

### ***Management and Key managerial Expertise***

Our Directors and Key managerial persons are engaged in the Textiles business, have a proven background and rich experience of more than 20 years in the Textile industry. Also, our Company is managed by a team of experienced personnel. The team comprises of personnel having operational and business development experience. We believe that our management team's experience and their understanding of the textile industry will enable us to continue to take advantage of both current and future market opportunities. It is also expected to help us in addressing and mitigating various risks inherent in our business, including significant competition, the global economic crisis and fluctuations in fuel prices.

### ***Cost effective production and timely fulfillment of orders***

Our Company has taken various steps in order to ensure adherence to timely fulfillment and also to achieve greater cost efficiency as timely fulfillment of the orders is a prerequisite in our industry. These steps include identifying quality yarn, smooth labour relations, use of an efficient production system and ability to meet large and varied orders due to our capacity and linkages with raw material suppliers. Our Company also has enjoyed good relations with our suppliers and as a consequence have the benefit of timely supplies of the raw materials which has been one of the major reasons why we have been able to achieve timely fulfillment of orders of our customers. Our Company constantly endeavors to implement an efficient procurement policy for inputs required for production so as to ensure cost efficiency in procurement which in turn results in cost effective production.

### ***Scalable Business Model***

Our business model is order driven and focus on maximum capacity utilization, developing linkages with quality raw material suppliers and achieving consequent economies of scale. We believe that this business model has proved successful and scalable for us in the last few financial years. We can scale upward as per the requirement generated by our Company. The business scale generation is basically due to the development of new markets both international and domestic, by adopting aggressive marketing of the product, innovation in the product range and by maintaining the consistent quality of the product.

## **OUR STRATEGIES**

The primary elements of our growth strategies are set forth below.

### ***Expand our product portfolio to cater to consumer preferences***

We aim to leverage our existing suite of products, knowhow and manufacturing capabilities to produce niche and higher-margin products. We believe that, given our manufacturing capacity and expertise, we would be able to produce and sell such fabrics at competitive prices compared to the international export markets. In the long run, we may also intend to enter into new product lines and target new consumer segments. We believe that such initiatives will optimally diversify our business and products portfolio and enable access to new markets.

### ***Creativity***

Our Company has always been driven by the quest to develop something new and constantly strives to develop better products which appeal to our constantly growing customer base. Also our company provides mix and match to attract our customers and dealers. Our Company's forte lies in its ability to translate its vision into realities using, technology and personnel who successfully supervise each new venture undertaken.

### ***Expand our distribution network and export sales***

Our historically developed distribution in domestic and international market has been critical to our growth. We intend to continue developing and nurturing existing market, and create new distribution channels in under and non-penetrated geographies. We aim to further develop our domestic sales networks in those territories where there are lower transportation costs and those which have a significant demand of our products, where we can sell at price-points that can effectively offset higher transportation costs. Such expansion plans are intended to be effected by in-house examination of the market potential of various territories and our available distribution network in such geographies. For our international export business, we intend to upscale our export operations to sell higher volumes of our products.

### ***Invest in infrastructure and technology***

Our Company believes in making investments for continuously achieving higher levels of excellence in its products and implement dynamic and diverse specifications of our customers. We have invested significantly in equipping our manufacturing facilities with the latest and specialized infrastructure and modern technology. We want to continue to work towards the upgradation and modernization of our infrastructure and technology.

### **Minimum Application Value, Market Lot and Trading Lot**

As per regulations made under and Section 29(1) of the Companies Act, 2013 the Equity Shares to be allotted must be in Dematerialized form i.e. not in the form of physical certificates but be fungible and be represented by the statement issued through electronic mode. Hence, the Equity Shares being offered can be applied for in the dematerialized form only. In this context, two agreements have been signed among our Company, the respective Depositories and the Registrar to the Issue:

- Tripartite Agreement dated [●] between NSDL, our Company and Registrar to the Issue; and
- Tripartite Agreement dated [●] between CDSL, our Company and Registrar to the Issue; and

The trading of the Equity Shares will happen in the minimum contract size of [●] Equity Shares and the same may be modified by the SME platform of NSE from time to time by giving prior notice to investors at large.

Allocation and allotment of Equity Shares through this Issue will be done in multiples of [●] Equity Shares and is subject to a minimum allotment of [●] Equity Shares to the successful applicants in terms of the SEBI circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012.

*Further, in accordance with Regulation 106(Q) of the SEBI (ICDR) Regulations the minimum application size in terms of number of specified securities shall not be less than Rupees One Lakh per application.*

### **Minimum Number of Allottees**

The minimum number of allottees in the Issue shall be 50 shareholders In case the number of prospective allottees is less than 50, no allotment will be made pursuant to this Issue and the amounts in the ASBA Account shall be unblocked forthwith.

### **Joint Holders**

Where 2 (two) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint-holders with benefits of survivorship.

### **Nomination Facility to Investor**

In accordance with Section 72 of the Companies Act, 2013 the sole or first applicant, along with other joint applicant, may nominate any one person in whom, in the event of the death of sole applicant or in case of joint applicant, death of all the applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 of the Companies Act, 2013 be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be

made only on the prescribed form available on request at the Registered Office of our Company or to the Registrar and Transfer Agents of our Company.

In accordance with Section 72 of the Companies Act, 2013 any Person who becomes a nominee by virtue of Section 72 of the Companies Act, 2013 shall upon the production of such evidence as may be required by the Board, elect either:

- To register himself or herself as the holder of the Equity Shares; or
- To make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 (ninety) days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the allotment of Equity Shares in the Issue is in dematerialized form, there is no need to make a separate nomination with us. Nominations registered with the respective depository participant of the applicant would prevail. If the investors require changing the nomination, they are requested to inform their respective depository participant.

#### 4.1.1 FIELD NUMBER 1: NAME AND CONTACT DETAILS OF THE SOLE/FIRST APPLICANT

Applicants should ensure that the name provided in this field is exactly the same as the name in which the Depository Account is held.

- a) **Mandatory Fields:** Applicants should note that the name and address fields are compulsory and e-mail and/or telephone number/mobile number fields are optional. Applicants should note that the contact details mentioned in the Application Form may be used to dispatch communications (including letters notifying the unblocking of the bank accounts of \Applicants) in case the communication sent to the address available with the Depositories are returned undelivered or are not available. The contact details provided in the Application Form may be used by the Issuer,
- b) The Designated Intermediaries and the Registrar to the Issue only for correspondence(s) related to an Issue and for no other purposes.
- c) **Joint Applications:** In the case of Joint Applications, the Applications should be made in the name of the Applicant whose name appears first in the Depository account. The name so entered should be the same as it appears in the Depository records. The signature of only such first Applicant would be required in the Bid cum Application Form/Application Form and such first Applicant would be deemed to have signed on behalf of the joint holders. All communications may be addressed to such Applicant and may be dispatched to his or her address as per the Demographic Details received from the Depositories.
- d) **Impersonation:** Attention of the Applicants is specifically drawn to the provisions of sub-section (1) of Section 38 of the Companies Act, 2013 which is reproduced below:

“Any person who:

- makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or
  - makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or
  - otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name, shall be liable for action under Section 447.”
- e) **Nomination Facility to Applicant:** Nomination facility is available in accordance with the provisions of Section 72 of the Companies Act, 2013. In case of allotment of the Equity Shares in dematerialized form, there is no need to make a separate nomination as the nomination registered with the Depository may prevail. For changing nominations, the Applicants should inform their respective DP.

#### 4.1.2 FIELD NUMBER 2: PAN NUMBER OF SOLE FIRST APPLICANT

- a) PAN (of the sole/ first Applicant) provided in the Application Form should be exactly the same as the PAN of the person(s) in whose name the relevant beneficiary account is held as per the Depositories’ records.
- b) PAN is the sole identification number for participants transacting in the securities market irrespective of the amount of transaction except for Applications on behalf of the Central or State Government, Applications by officials appointed by the courts and Applications by Applicants residing in Sikkim (“PAN Exempted Applicants”). Consequently, all Applicants, other than the PAN Exempted Applicants, are required to disclose their PAN in the Application Form, irrespective of the Application Amount. An Application Form without PAN, except in case of Exempted Applicants, is liable to be rejected. Applications by the Applicants whose PAN is not available as per the Demographic Details available in their Depository records, are liable to be rejected.
- c) The exemption for the PAN Exempted Applicants is subject to (a) the Demographic Details received from the respective Depositories confirming the exemption granted to the beneficiary owner by a suitable description in the PAN field and the beneficiary account remaining in “active status”; and (b) in the case of residents of Sikkim, the address as per the Demographic Details evidencing the same.
- d) Application Forms which provide the General Index Register Number instead of PAN may be rejected.

- e) Applications by Applicants whose demat accounts have been ‘suspended for credit’ are liable to be rejected pursuant to the circular issued by SEBI on July 29, 2010, bearing number CIR/MRD/DP/22/2010. Such accounts are classified as “Inactive demat accounts” and demographic details are not provided by depositories.

#### 4.1.3 FIELD NUMBER 3: APPLICANTS DEPOSITORY ACCOUNT DETAILS

- a) Applicants should ensure that DP ID and the Client ID are correctly filled in the Application Form. The DP ID and Client ID provided in the Application Form should match with the DP ID and Client ID available in the Depository database, **otherwise, the Application Form is liable to be rejected.**
- b) Applicants should ensure that the beneficiary account provided in the Application Form is active.
- c) Applicants should note that on the basis of DP ID and Client ID as provided in the Application Form, the Applicant may be deemed to have authorized the Depositories to provide to the Registrar to the Issue, any requested Demographic Details of the Applicant as available on the records of the depositories. These Demographic Details may be used, among other things, for unblocking of ASBA Account or for other correspondence(s) related to an Issue.
- d) Applicants are, advised to update any changes to their Demographic Details as available in the records of the Depository Participant to ensure accuracy of records. Any delay resulting from failure to update the Demographic Details would be at the Applicants’ sole risk.

#### 4.1.4 FIELD NUMBER 4: APPLICATION DETAILS

- a) The Issuer may mention Price as per Draft Prospectus. However a Prospectus registered with RoC contains one price.
- b) Minimum and Maximum Application Size

- i. For Retails Individual Applicants

The Application must be for a minimum of [●] equity shares. As the application price payable by the retail individual applicants cannot exceed ₹ 200000 they can make Application for only minimum Application size i.e. for [●] equity shares.

- ii. For Other Applicants (Non Institutional Applicants and QIBs):

The Application must be for a minimum of such number of equity shares such that the Application Amount exceeds ` 200000 and in multiples of [●] equity shares thereafter. An application cannot be submitted for more than the Issue Size. However, the maximum application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Applicant cannot withdraw its Application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Application. In case of revision of Applications, the Non Institutional Applicants, who are individuals, have to ensure that the Application Amount is greater than Rs. 200000 for being considered for allocation in the Non Institutional Portion. Applicants are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of equity shares that can be held by them under prescribed law or regulation or as specified in this Draft Prospectus.

- c) **Multiple Applications:** An applicant should submit only one Application Form. Submission of a second Application Form to either the same or to the Designated Intermediaries and duplicate copies of Application Forms bearing the same application number shall be treated as multiple applications and are liable to be rejected.
- d) Applicants are requested to note the following procedures may be followed by the Registrar to the issue to detect multiple applications:
- i. All applications may be checked for common PAN as per the records of the Depository. For Applicants other than Mutual Funds and PFI sub-accounts, applications bearing the same PAN may be treated as multiple applications by an Applicant and may be rejected.

- ii. For applications from Mutual Funds and FPI sub-accounts, submitted under the same PAN, as well as Applications on behalf of the PAN Exempted Applicants, the Application Forms may be checked for common DP ID and Client ID. In any such applications which have the same DP ID and Client ID, these may be treated as multiple applications and may be rejected.
- e) The following applications may not be treated as multiple applications:
  - i. Application by Reserved Categories in their respective reservation portion as well as that made by them in the Net Issue portion in public category.
  - ii. Separate applications by Mutual Funds in respect of more than one scheme of the Mutual Fund provided that the Application clearly indicates the scheme for which the application has been made.
  - iii. Application by Mutual Funds, and sub-accounts of FPIs (or FPIs and its sub-accounts) submitted with the same PAN but with different beneficiary account numbers, Client IDs, and DP IDs.

#### **4.1.5 FIELD NUMBER 5: CATEGORY OF APPLICANTS**

- a) The categories of Applicants identified as per the SEBI ICDR Regulations, 2009 as amended for the purpose of Application, allocation and allotment in the Issue are RIIs, Individual applicants other than RIIs, and other investors (including corporate bodies or institutions, irrespective of the number of specified securities applied for).
- b) An Issuer can make reservation for certain categories of Applicants as permitted under the SEBI ICDR Regulations, 2009 as amended. For details of any reservations made in the Issue, Applicants may refer to the Prospectus.
- c) The SEBI ICDR Regulations, 2009, specify the allocation or allotment that may be made to various categories of Applicants in an Issue depending upon compliance with the eligibility conditions. For details pertaining to allocation and Issue specific details in relation to allocation Applicant may refer to the Prospectus.

#### **4.1.6 FIELD NUMBER 6: INVESTOR STATUS**

- a) Each Applicant should check whether it is eligible to apply under applicable law and ensure that any prospective allotment to it in the Issue is in compliance with the investment restrictions under applicable law.
- b) Certain categories of Applicants, such as NRIs, FIIs, FPIs and FVCIs may not be allowed to Apply in the Issue or hold Equity Shares exceeding certain limits specified under applicable law. Applicants are requested to refer to the Prospectus for more details.
- c) Applicants should check whether they are eligible to apply on non-repatriation basis or repatriation basis and should accordingly provide the investor status. Details regarding investor status are different in the Resident Application Form and Non-Resident Application Form.
- d) Applicants should ensure that their investor status is updated in the Depository records.

#### **4.1.7 FIELD NUMBER 7: PAYMENT DETAILS**

- a) All Applicants are required to use ASBA facility to block the full Amount (net of any Discount, as applicable) along-with the Application Form. If the Discount is applicable in the Issue, the RIIs should indicate the full Amount in the Application Form and the funds shall be blocked for Amount net of Discount. Only in cases where the Prospectus indicates that part payment may be made, such an option can be exercised by the Applicant.
- b) All categories of investors can participate in the Issue only through ASBA mechanism.
- c) Application Amount cannot be paid in cash, through money order or through postal order or through stock invest.

#### 4.1.7.1 Payment instructions for Applicants

- (a) Applicants may submit the Application Form either in physical mode or online mode to any Designated Intermediaries.
- (b) Applicants should specify the Bank Account number in the Application Form. The Application Form submitted by an Applicant and which is accompanied by cash, demand draft, money order, postal order or any mode of payment other than blocked amounts in the ASBA Account maintained with an SCSB, may not be accepted.
- (c) Applicant should ensure that the Application Form is also signed by the ASBA Account holder(s) if the Applicant is not the ASBA Account holder;
- (d) Applicant shall note that for the purpose of blocking funds under ASBA facility clearly demarcated funds shall be available in the account.
- (e) From one ASBA Account, a maximum of five Application Forms can be submitted.
- (f) Applicants applying through a member of the Syndicate should ensure that the Application Form is submitted to a member of the Syndicate only at the Specified Locations. Applicants should also note that Application Forms submitted to the Syndicate at the Specified Locations may not be accepted by the member of the Syndicate if the SCSB where the ASBA Account, as specified in the Application Form, is maintained has not named at least one branch at that location for the members of the Syndicate to deposit Application Forms (a list of such branches is available on the website of SEBI at <http://www.sebi.gov.in/sebiweb/home/list/5/33/0/0/Recognised-Intermediaries>).
- (g) Applicants applying through a Registered Broker, RTA or CDP should note that Application Forms submitted to them may not be accepted, if the SCSB where the ASBA Account, as specified in Application Form, is maintained has not named at least one branch at that location for the Registered Brokers, RTA or CDP, as the case may be, to deposit Application Forms.
- (h) ASBA Applicant applying directly through the SCSBs should ensure that the Application Form is submitted to a Designated Branch of a SCSB where the ASBA Account is maintained.
- (i) Upon receipt of Application Form, the Designated Branch of the SCSB may verify if sufficient funds equal to the Application Amount are available in the ASBA Account, as mentioned in the Application Form.
- (j) If sufficient funds are available in the ASBA Account, the SCSB may block an amount equivalent to the Application Amount mentioned in the Application Form may upload the details on the Stock Exchange Platform.
- (k) If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB may not upload such Applications on the Stock Exchange platform and such Applications are liable to be rejected.
- (l) Upon submission of a completed Application Form each Applicant may be deemed to have agreed to block the entire Application Amount and authorized the Designated Branch of the SCSB to block the Application Amount specified in the Application Form in the ASBA Account maintained with the SCSBs.
- (m) The Application Amount may remain blocked in the aforesaid ASBA Account until finalization of the Basis of allotment and consequent transfer of the Application Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal or failure of the Issue, or until withdrawal or rejection of the Application, as the case may be.
- (n) SCSBs applying in the Issue must apply through an Account maintained with any other SCSB; else their Application is liable to be rejected.

#### 4.1.8 Unblocking of ASBA Account

- a) Once the Basis of Allotment is approved by the Designated Stock Exchange, the Registrar to the Issue may provide the following details to the controlling branches of each SCSB, along with instructions to unblock the relevant bank accounts and for successful applications transfer the requisite money to the Public Issue Account designated for this purpose, within the specified timelines: (i) the number of Equity Shares to be Allotted, if any, against each Application, (ii) the amount to

be transferred from the relevant bank account to the Public Issue Account, for each Application, (iii) the date by which funds referred to in (ii) above may be transferred to the Public Issue Account, and (iv) details of rejected/ non allotment / partial allotment ASBA Application, if any, along with reasons for rejection and details of withdrawn or unsuccessful Application, if any, to enable the SCSBs to unblock the respective bank accounts.

- b) On the basis of instructions from the Registrar to the Issue, the SCSBs may transfer the requisite amount against each successful Application to the Public Issue Account and may unblock the excess amount, if any, in the ASBA Account.

In the event of withdrawal or rejection of the Application Form and for unsuccessful Application, the Registrar to the Issue may give instructions to the SCSB to unblock the Application Amount in the relevant ASBA Account within 6 Working Days of the Issue Closing Date.

#### **4.1.8.1 Discount (if applicable)**

- a) The Discount is stated in absolute rupee terms.
- b) RII, Employees and Retail Individual Shareholders are only eligible for discount. For Discounts offered in the Issue, Applicants may refer to the Prospectus.
- c) For the Applicants entitled to the applicable Discount in the Issue the Application Amount less Discount (if applicable) shall be blocked.

#### **4.1.8.2 Additional Instructions for NRIs**

The Non-Resident Indians who intend to block funds in their Non-Resident Ordinary (NRO) accounts shall use the form meant for Resident Indians (non-repatriation basis). In the case of Application by NRIs applying on a repatriation basis, blocking of funds in their NRO account shall not be accepted.

#### **4.1.9 FIELD NUMBER 8: SIGNATURES AND OTHER AUTHORISATIONS**

- a) Only the First Applicant is required to sign the Application Form. Applicants should ensure that signatures are in one of the languages specified in the Eighth Schedule to the Constitution of India.
- b) If the ASBA Account is held by a person or persons other than the Applicant, then the Signature of the ASBA Account holder(s) is also required.
- c) In relation to the Applications, signature has to be correctly affixed in the authorization/undertaking box in the Application Form, or an authorization has to be provided to the SCSB via the electronic mode, for blocking funds in the ASBA Account equivalent to the Application Amount mentioned in the Application Form.

#### **SECTION 6: ISSUE PROCEDURE IN BOOK BUILT ISSUE**

This being the Fixed Price Issue this section is not applicable for this Issue.

## SECTION 7: ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

### 7.1 Basis of Allotment

Allotment will be made in consultation with SME Platform of NSE (The Designated Stock Exchange). In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth here:

- a) The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the over subscription ratio (number of applicants in the category x number of Shares applied for).
- b) The number of Shares to be allocated to the successful applicants will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).
- c) For applications where the proportionate allotment works out to less than [●] Equity Shares the allotment will be made as follows:
  - i. Each successful applicant shall be allotted [●] Equity Shares;
  - ii. The successful applicants out of the total applicants for that category shall be determined by the drawal of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (2) above.
- d) If the proportionate allotment to an applicant works out to a number that is not a multiple of [●] Equity Shares, the applicant would be allotted Shares by rounding off to the lower nearest multiple of [●] Equity Shares subject to a minimum allotment of [●] Equity Shares.
- e) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the applicants in that category, the balance available Shares for allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful applicants in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising of applicants applying for the minimum number of Shares. If as a result of the process of rounding off to the lower nearest multiple of [●] Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, upto 110% of the size of the offer specified under the Capital Structure mentioned in the Prospectus.
- f) The above proportionate allotment of shares in an Issue that is oversubscribed shall be subject to the reservation for Retail Individual applicants as described below:
  - i. As per Regulation 43(4) of the SEBI (ICDR) Regulations, as the Retail Individual Investor category is entitled to more than fifty percent on proportionate basis, the retail individual investors shall be allocated that higher percentage.
  - ii. Remaining to Individual applicants other than retail individual investors and Other investors including corporate bodies or institutions, irrespective of the number of specified securities applied for;
  - iii. The unsubscribed portion in either of the categories specified in (a) or (b) above may be available for allocation to the applicants in the other category, if so required.

'Retail Individual Investor' means an investor who applies for shares of value of not more than Rs. 2,00,000. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with SME Platform of NSE.

The Executive Director/ Managing Director of the SME Platform of NSE, Designated Stock Exchange in addition to Lead Merchant Banker and Registrar to the Public Offer shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations, 2009.

### 7.2 DESIGNATED DATE AND ALLOTMENT OF EQUITY SHARES

- a) **Designated Date:** On the Designated Date, the SCSBs shall transfer the funds represented by allocation of Equity Shares into the Public Issue Account with the Bankers to the Issue.
- b) **Issuance of Allotment Advice:** Upon approval of the Basis of Allotment by the Designated Stock Exchange, the Registrar shall upload the same on its website. On the basis of the approved Basis of Allotment, the Issuer shall pass necessary corporate action to facilitate the Allotment and credit of Equity Shares. Applicants **are advised to instruct their Depository Participant to accept the Equity Shares that may be allotted to them pursuant to the Issue.**

Pursuant to confirmation of such corporate actions, the Registrar will dispatch Allotment Advice to the Applicants who have been Allotted Equity Shares in the Issue.

- c) The dispatch of Allotment Advice shall be deemed a valid, binding and irrevocable contract.
- d) Issuer will ensure that: (i) the Allotment of Equity Shares; and (ii) initiate corporate action for credit of shares to the successful Applicants Depository Account will be completed within 5 Working Days of the Issue Closing Date. The Issuer also ensures the credit of shares to the successful Applicant's depository account is completed within 5 Working Days of the Issue Closing Date.

## **SECTION 8: INTEREST AND REFUNDS**

### **8.1 COMPLETION OF FORMALITIES FOR LISTING & COMMENCEMENT OF TRADING**

The Issuer may ensure that all steps for the completion of the necessary formalities for listing and commencement of trading at all the Stock Exchanges are taken within 6 Working Days of the Issue Closing Date. The Registrar to the Issue may give instructions for credit to Equity Shares the beneficiary account with DPs, and dispatch the Allotment Advice within 6 Working Days of the Issue Closing Date.

### **8.2 GROUNDS FOR UNBLOCKING OF FUNDS**

#### **8.2.1 Non Receipt of Listing Permission**

An Issuer makes an application to the Stock Exchange(s) for permission to deal in/list and for an official quotation of the Equity Shares. All the Stock Exchanges from where such permission is sought are disclosed in Prospectus. The Designated Stock Exchange may be as disclosed in the Prospectus with which the Basis of Allotment may be finalized.

If the permissions to deal in and for an official quotation of the Equity Shares are not granted by any of the Stock Exchange(s), the Issuer may forthwith initiate action to unblock the application amount from the Investors accounts. If such money is not repaid within the eight days after the Issuer becomes liable to repay it, then the Issuer and every director of the Issuer who is an officer in default may, on and from such expiry of eight days, be liable to repay the money, with interest at such rate, as prescribed under Section 73 of Companies Act, and disclosed in the Prospectus.

#### **8.2.2 Minimum Subscription**

This Issue is not restricted to any minimum subscription level. This Issue is 100% underwritten.

As per Section 39 of Companies Act, 2013 if the "stated minimum amount" has not been subscribed and the sum payable on application is not received within a period of 30 days from the date of the Prospectus, the application money has to be returned within such period as may be prescribed. If our company does not receive the 100% subscription of the offer through the Offer Document including devolvement of underwriters, if any, within sixty (60) days from the date of closure of the issue, our company shall forthwith unblocked the entire application amount received. If there is a delay beyond eighty days after our company becomes liable to pay the amount, our company and every officer in default will, on and from the expiry of this period be jointly and severally liable to repay the money, with interest or other penalty as prescribed under SEBI Regulations and the Companies Act, 2013.

The minimum number of allottees in this Issue shall be 50 shareholders. In case the minimum number of prospective allottees is less than 50 no allotment will be made pursuant to this Issue and the amounts in the ASBA Account shall be unblocked within 6 working days of closure of the issue.

Further in accordance with Regulation 106(Q) of the SEBI (ICDR) Regulations, our Company shall ensure that the minimum application size in terms of number of specified securities shall not be less than Rs.100000/- (Rupees One Lakh) per application.

The equity shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and applications may not be made by persons in any such jurisdiction, except in compliance without the applicable laws of such jurisdiction.

### 8.2.3 MINIMUM NUMBER OF ALLOTTEES

The Issuer may ensure that the number of prospective allottees to whom Equity Shares may be allotted may not be less than 50 failing which the entire application monies may be unblocked forthwith.

### 8.3 Mode of Unblocking of Funds

Within 6 Working Days of the Issue Closing Date, the Registrar to the Issue may give instructions to SCSBs for unblocking the amount in ASBA Account on unsuccessful Application and also for any excess amount blocked on Application.

#### 8.3.1 Mode of making refunds for Applicants

The Registrar to the Issue may instruct the controlling branch of the SCSB to unblock the funds in the relevant ASBA Account for any withdrawn, rejected or unsuccessful ASBA applications or in the event of withdrawal or failure of the Issue.

### 8.4 Interest In Case Of Delay in Allotment

The Issuer may pay interest at the rate of 15% per annum if demat credits are not made to Applicants or instructions for unblocking of funds in the ASBA Account are not dispatched within the 6 Working days of the Issue Closing Date.

The Issuer may pay interest at 15% per annum for any delay beyond 6 working days from the Issue Closing Date, if Allotment is not made.

## **RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES**

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government, the FDI Policy (as defined below) and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The government bodies responsible for granting foreign investment approvals are FIPB and the RBI.

The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (“DIPP”), issued consolidated FDI Policy, which with effect from June 07, 2016 consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DIPP that were in force and effect as on June 7, 2016. The Government proposes to update the consolidated circular on FDI Policy once every year and therefore, the Consolidation FDI Policy will be valid until the DIPP issues an updated circular.

### **Subscription by foreign investors (NRIs/FPIs)**

FPIs are permitted to subscribe to Equity Shares of an Indian Company in a public Issue without the prior approval of the RBI, so long as the price of the Equity Shares to be issued is not less than the price at which the Equity Shares are issued to residents. SEBI registered FPIs have been permitted to purchase shares of an Indian company through Issue, subject to total FPI investment being within the individual FPI/sub account investment limit of 10 per cent subject to the total sectoral cap of all FPIs/sub-accounts put together being 24 per cent of the paid-up capital of the Indian company.

The transfer of shares between an Indian resident and a Non-resident does not require prior approval of FIPB or RBI, subject to fulfillment of certain conditions as specified by DIPP / RBI, from time to time. Such conditions include (i) the activities of the investee company are under the automatic route under the foreign direct investment (“FDI”) Policy and the non-resident shareholding is within the sectoral limits under the FDI policy; and (ii) the pricing is in accordance with the guidelines prescribed by the SEBI/RBI. Investors are advised to refer to the exact text of the relevant statutory provisions of law before investing and / or subsequent purchase or sale transaction in the Equity Shares of Our Company.

### **Representation from the Applicants**

No person shall make an application in the Issue, unless such person is eligible to acquire Equity Shares of our Company in accordance with applicable laws, rules, regulations, guidelines and approvals.

Investors that make application under the Issue will be required to confirm and will be deemed to have represented to our Company, the Underwriters, and their respective directors, officers, agents, affiliates and representatives, as applicable, that they are eligible under all applicable laws, rules, regulations, guidelines and approvals to acquire Equity Shares of our Company and will not Issue, sell, pledge or transfer the Equity Shares of our Company to any person who is not eligible under applicable laws, rules, regulations, guidelines and approvals to acquire Equity Shares of our Company. Our Company, the Underwriters and their respective directors, officers, agents, affiliates and representatives, as applicable, accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire Equity Shares of our Company.

There is no reservation for Non Residents, NRIs, FPIs, foreign venture capital funds, multi-lateral and bilateral development financial institutions and any other foreign investor. All Non Residents, NRIs, FPIs and foreign venture capital funds, multi-lateral and bilateral development financial institutions and any other foreign investor applicants will be treated on the same basis with other categories for the purpose of allocation.

As per the existing policy of the Government of India, OCBs also cannot participate in any Public Issue.

The Equity Shares have not been and will not be registered under the Securities Act or any state securities laws in the United States and may not be offered or sold within the United States or to, or for the account or benefit of, “U.S. persons” (as defined in Regulation S promulgated under the Securities Act), except pursuant to an exemption from, or in a transaction not subject to, the

registration requirements of the Securities Act. Accordingly, the Equity Shares are only being offered and sold outside the United States to certain persons in offshore transactions in compliance with Regulation S under the Securities Act.

Our Company, Selling Shareholders, LM and the Issue Management Team are not making any selling efforts in any jurisdiction outside India.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. The Company and the LM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of the Draft Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.
